WICHITA POLICE DEPARTMENT INCIDENT REPORT

Incident Number 93C 7535

Additional Narrative Jerk his arm away. I took Roger Tuckers' right arm and bent it behind the back side of the truck. Tucker then began to exit the vehicle, and I let go of his right arm. Tucker was partially out of the vehicle and threw the crack pipes as I had the door against his body.

I then placed Tucker on the ground and in custody. After Tucker was placed in custody, and the people in the vehicle were secured, I searched the area for the crack pipes. I found one crack pipe approximately two feet in front of our vehicle, near the passenger side. I found one crack pipe, shorter in length than the first, underneath our car. The other pipe was not located, and probably went over the edge on Kellogg to the south. There was a large drop off where Kellogg began to elevate. Eb. Tucker began to choke, or acted as if he was choking. It was thought that Tucker swallowed a crack rock, but he denied having or swallowing any crack rocks. Through my training in the academy, and my field experience on Broadway which is a known drug and prostitute area, I recognized the silver tubes as crack pipes used in smoking crack. The pipes, and a small knife connected to a watch which had residue on it were turned in as evidence.

The knife was taken off of Tucker at the County Jail. Tucker was booked for possession of cocaine, violation State Statute 65-4127 (a)(), and possession of paraphernalia 65-4153, for the violations at 500 E. Kellogg, Wichita, Sedgwick County, KS.

The driver - Jerry L. Williams was issued citation 6-1196978 for not having his rear license illuminated and for no seat belt. Jerry L. Williams was also issued cit. 6-1196986 for no proof of insurance. Williams and Melody Smith were then released. The vehicle was a 1976 Dodge Pickup with KS tag FZH 642.

"I declare under penalty of perjury that the foregoing is true and correct."

Narrative

At 0342 hrs, 1-25-93, I was riding beat 131, when I observed a grey dodge P.U. Nb on Broadway with a tag that was not illuminated. Off. Allred #1484 was driving and I was riding in the passenger seat when we stopped the vehicle at 500 E. Kellogg. The vehicle had three occupants who we identified as Jerry L. Williams, 42, bm who was driving. Melody Smith, 27, wf, was a passenger in the middle of the vehicle, and Roger Tucker, 32, bm was sitting in the passenger seat next to the passenger door.

Off. Allred approached the driver, and I walked up to the passenger side. I observed Roger D. Tucker hold his right arm out the door window as he looked toward Off. Allred. I observed that Roger Tucker had three silver colored crack pipes in his right hand. Tucker was unaware that I was there. I grabbed Tuckers right arm and told him to drop the crack pipes. Tucker tried to
