Re Lynn v. McCumie, et al. / Case # 17-cv-3041

June 14th 2018

Dear Judge Gale,

I'm writing to express my traumatic concern about the obvious deliberate indifference on the Court's part to my sworn claims & proofs of unconstitutional abuses.

This suit was filed on 3-14-17 & the filing fee paid in Aug. 2018, & the Amended suit filed on 2-2-18.

Why is it that no matter how hideous the criminal, & unconstitutional abuses done to me & my irreparable injuries suffered, are that you refuse to act in any regard.

I believed you Sir had a high level of integrity & a no-nonsense Judge, which is why I've requested a trial by Magistrate Judge on all issues as a sign of my good faith.

Can I have a video-teleconference hearing on my outstanding motions? Why haven't you ordered the suit served? App'd counsel? Intervened -

1 of 2

w/a TRO? Ordered a Martinez Rpt.?

The longer my suit arbitrarily stagnates, my ongoing injuries & the criminal / unconstitutional abuses done to me w/a rabid frenzy, are compounded.

Prison officials believe your apathy & refusals to act in any regard for so long, in essence means you've given them a green light to continue their hideous abuses & cause my demise. Shamefull all the way around. Have you lost your "good conscience"? You've obviously abrogated your sworn oath to uphold & defend OUR U.S. Constitutional birthrights & laws of the U.S. — what happened to your moral compass?"
"The steps of a good man are ordered by the word"
Psalm 37:23

My health is atrocious, I'm entitled to my fair day in Court. Convene a hearing ASAP please, Advise.

Also please know that the LCR Librarian (a 20 yrs plus old Mr. Stiffen) shredded my last efiled submission in this case out of spite & all complaints are ignored/denied by the person who oversees library activities — his brother-in-law Bill Shipman (also around 65 yrs. old), it's futile to complain or obtain accountability ... In the meantime, with highest regards, I am,

Respectfully,

Patrick Lymon
