

IN THE UNITED STATES DISTRICT COURT DISTRICT OF KANSAS

M.B. and S.E., through their next friend KATHARYN MCINTYRE, et al.,

Plaintiffs,

Case No. 18-CV-02617-DDC-GEB

v.

LAURA HOWARD, et al.,

Defendants.

SETTLEMENT AGREEMENT

This Settlement Agreement has been executed on the dates set forth below but made effective as of the Date of Final Approval, by and between Plaintiffs M.B. and S.E. through their next friend Katharyn McIntyre, R.M. through his next friend Allan Hazlett, C.A. through his next friend Allan Hazlett, E.B. through his next friend Allan Hazlett, J.P. through her next friend Allan Hazlett, Z.Z. through her next friend Ashley Thorne, and M.A. through his next friend Ashley Thorne, for themselves and those similarly situated, by and through Plaintiffs' Counsel (collectively "Plaintiffs"), and Defendants Laura Howard, in her official capacity as Kansas Department for Children and Families ("DCF") Secretary, Laura Howard, in her official capacity as Kansas Department of Aging and Disability Services ("KDADS") Secretary, and Dr. Lee A. Norman, in his official capacity as Kansas Department of Health and Environment ("KDHE") Secretary, by and through Defendants' Counsel (collectively "Defendants"; Plaintiffs and Defendants collectively the "Parties"). This Settlement Agreement is conditioned on approval by the United States District Court for the District of Kansas in this action, as required by Rule 23 of the Federal Rules of Civil Procedure.

RECITALS

WHEREAS, Plaintiffs filed this action ("the Litigation") (ECF 1 and 63) alleging ongoing federal statutory and constitutional violations and seeking prospective declarative and injunctive relief concerning the Kansas Child Welfare System; and

WHEREAS, Defendants deny any violations of federal law in the Litigation; and

WHEREAS, since she was appointed, DCF Secretary Howard has made improvement in the Kansas foster care program a top priority; and WHEREAS, this Agreement was approved by the Kansas State Finance Council on July 8, 2020;

WHEREAS, the Parties wish to amicably resolve this action in a way that addresses the concerns identified in the Litigation and benefits the children and families served by the Kansas Child Welfare System.

NOW, THEREFORE, in consideration of the execution of this Settlement Agreement and the mutual recitals and promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

SECTION 1: DEFINITIONS AND PRINCIPLES

Part I: Definitions

- 1.1 "CFSR" shall mean the Child and Family Services Review Round 3.
- 1.2 "Class" shall mean the class, authorized by the terms of this Settlement Agreement and approved by the Court, to be certified under Fed. R. Civ. P. 23(a) and (b)(2) and defined as: all children who are now, or in the future will be, in the protective custody of DCF pursuant to Kan. Stat. Ann. § 38-2242(c)(1).
 - 1.3 "Class Counsel" shall mean attorneys of record for Plaintiffs in the Litigation.
- 1.4 "Class Counsel Fees and Expenses" shall mean reasonable fees and expenses of Class Counsel in an amount determined to be reasonable by the Court. The Court shall retain jurisdiction to make this determination. Defendants stipulate that Class Counsel is entitled to Class Counsel Fees and Expenses but reserve the right to dispute the appropriate amount.
- 1.5 "Crisis Intervention Services" shall mean in-person on-site or virtual face-to-face mental health services provided to a person who is experiencing a behavioral health crisis, designed to interrupt and/or ameliorate a crisis experience. These services include a preliminary assessment, which may be conducted over the phone to determine the appropriate level of intervention, immediate crisis resolution and de-escalation, crisis intervention and stabilization services, and timely referral and linkage to appropriate community services to avoid more restrictive levels of treatment, based on the individualized needs of the person experiencing the behavioral health crisis.
- 1.6 "Contract" or "Grant" shall mean any agreement between Defendant(s) and licensed private providers to provide foster care placements or services, including mental and behavioral health services, to Class Members. This definition includes any agreement or arrangement under which funding is provided in exchange for the provision of foster care placements or services, regardless of its form.
- 1.7 "Contractor" or "Grantee" shall mean a licensed private provider with whom Defendant(s) contract or otherwise arrange to provide foster care placements or services, including mental and behavioral health services, to Class Members. This definition applies to such a

provider regardless of the form of the agreement or arrangement under which funding is provided in exchange for the provision of foster care placements or services.

- 1.8 The "Date of Final Approval" shall mean the date upon which the Judgment and Order is entered by the Court.
- 1.9 "Defendants" shall mean the defendants in the Litigation (Laura Howard, in her official capacity as Secretary of DCF and KDADS, and Dr. Lee A. Norman, in his official capacity as Secretary of KDHE) and each such agency, and their officers, agents, and elected or appointed officials, past, present, and future.
- 1.10 "Extraordinary Circumstances" shall mean an immediate or imminent crisis whereby measures must be taken to protect the safety and security of the child. A lack of safe and/or appropriate placement options does not constitute Extraordinary Circumstances.
- 1.11 "Initial Mental Health and Trauma Screen" shall mean the Child and Adolescent Functional Assessment Scale (attached hereto as Attachment 1 and available at www2.fasoutcomes.com), the Preschool and Early Childhood Functional Assessment Scale (attached hereto as Attachment 2 and also available at www2.fasoutcomes.com), the Child and Adolescent Needs and Strengths tool (attached hereto as Attachment 3 and available at praedfoundation.org), or their functional equivalents as agreed by the Parties.
- 1.12 "Judgment and Order" shall mean the Order of the United States District Court for the District of Kansas finally approving the Settlement Agreement.
- 1.13 The "Litigation" shall mean *M.B. and S.E. through their next friend Katharyn McIntyre, et al., v. Laura Howard, in her official capacity as Kansas DCF Secretary, et al.*, Case No. 18-CV-2617-DDC-GEB, pending in the United States District Court for the District of Kansas, Kansas City Division.
 - 1.14 "Mediator" shall mean the following individual: Karen Baynes-Dunning.
- 1.15 "Neutral" shall mean the following individual: Judith Meltzer and the Center for the Study of Social Policy.
- 1.16 "Notice of Settlement" shall mean the notice to the Class in the form approved by the Court in this Litigation in an order granting Preliminary Approval of the Settlement Agreement, setting forth the nature and terms of the Settlement Agreement, the schedule and manner for filing any submissions in objection to or in favor of the Settlement Agreement and/or requests to be heard at the final fairness hearing, and the date, time, location and purpose of a final fairness hearing, and notifying the Class of Class Counsel's request for an award of Class Counsel Fees and Expenses.
- 1.17 "Night-to-Night Placement" shall mean a one calendar day placement that is not the same residence address for consecutive days.
- 1.18 "Placement Move" shall mean a change in foster care placement setting, as defined by the Adoption and Foster Care Analysis and Reporting System (AFCARS).

- 1.19 "Plaintiff Class" or "Class Members" shall mean each member of the Class certified by the Court.
- 1.20 "Preliminary Approval of the Settlement Agreement" shall mean an Order from the Court granting preliminary approval of the Settlement Agreement; approving the form, manner and timeframe for the publication of the Notice of Settlement (at Defendants' expense); setting forth the schedule and manner for filing any submissions in objection to or in favor of the Settlement Agreement and any requests to be heard at the final fairness hearing, and the Parties' response to any such submissions; the timing and process for Plaintiffs to file a motion for Class Counsel Fees and Expenses for work up through the Date of Final Approval (including opposition and reply briefs); and the date, time, location and purpose of a final fairness hearing.
- 1.21 A "Qualified Mental Health Professional" shall mean a physician or psychologist, a licensed masters level psychologist, a licensed clinical psychotherapist, a licensed marriage and family therapist, a licensed clinical marriage and family therapist, a licensed professional counselor, a licensed clinical professional counselor, a licensed specialist social worker or a licensed master social worker, or a registered nurse who has a specialty in psychiatric nursing.
- 1.22 "Released Claims" shall mean all claims for declarative and injunctive relief and causes of action asserted in the Amended Complaint arising or accruing against the Defendants on or before the Date of Final Approval, relating to the Plaintiff Class, activities involving the Plaintiff Class, and any duties, actions or inactions of the Defendants with respect thereto, which were asserted in the Litigation.
- 1.23 "Respite" shall mean the assumption of daily caregiving responsibilities on a temporary basis, designated as approved twenty-four (24) hour-a-day family-based care, to provide parents or other caregivers with temporary relief from their responsibilities to a child. Such temporary care shall not be considered a Placement Move if it is requested by the child's current parent/caregiver, and the foster child returns to the same placement upon completion of the Respite care. The Parties intend this definition to support placement stability and to avoid and deter serial, repeated Respite placements over a short time period.
- 1.24 "Short-Term Placement" shall mean a placement duration of fourteen (14) calendar days or fewer.
- 1.25 "Subcontract" shall mean any agreement between a Contractor or Grantee and another licensed private provider to provide foster care placements or services, including mental and behavioral health services, to Class Members. This definition includes any agreement or arrangement under which funding is provided in exchange for the provision of foster care placements or services, regardless of its form.
- 1.26 "Subcontractor" shall mean a licensed private provider with whom a Contractor or Grantee contracts or otherwise arranges to provide foster care placements or services, including mental and behavioral health services, to Class Members. This definition applies to such a provider regardless of the form of the agreement or arrangement under which funding is provided in exchange for the provision of foster care placements or services.

- 1.27 "Substantial Compliance" shall mean performance with respect to each of the enforceable obligations set forth in this Settlement Agreement in Section 2, that is sufficient to conclude that the specific obligation has been achieved. The Parties reserve the right to argue whether performance with respect to any specific obligation meets this standard.
 - 1.28 The "Kansas Department for Children and Families" is referred to herein as "DCF."
- 1.29 The "Kansas Department for Aging and Disability Services" is referred to herein as "KDADS."
- 1.30 The "Kansas Department of Health and Environment" is referred to herein as "KDHE."

Part II: Principles

- 1.31 The Agreement shall be governed by the following principles:
 - 1.31.1 Providing community-based preventive and rehabilitative services, to safely avoid and prevent removal and out of home care if possible.
 - 1.31.2 Providing the opportunity for all Class Members to grow up in a safe, nurturing family, preferably their own biological family or with kin.
 - 1.31.3 Promoting and supporting biological family, kin, sibling, and community connections for Class Members.
 - 1.31.4 Ensuring that all aspects of the child welfare system that serve Class Members are trauma-informed.
 - 1.31.5 Recognizing the state's ultimate legal custodial responsibility for the safety and well-being of Class Members.
 - 1.31.6 Promoting the least restrictive, most family-like, most connected and community-based setting possible to meet the needs of Class Members.
 - 1.31.7 Promoting stability for Class Members, including in placements and in educational settings.
 - 1.31.8 Ensuring that Class Members' physical, mental, and emotional needs are identified and met.

SECTION 2: PERFORMANCE GOALS

Part I: Accountability, Reporting and Implementation

2.1 With input from Plaintiffs and the Neutral, Defendants shall implement the following:

- 2.1.1 Contract Oversight and Accountability. Within thirty (30) days of entry of the Court's Judgment and Order, Defendants will amend provider grants for foster care case management to include a set of immediate mandates, with the Outcomes and Practice Improvements in Section 2, Parts II and III herein incorporated into the grant agreements. The requirements will address performance-based metrics and applicability of DCF discretionary corrective action for nonperformance or inadequate performance. DCF shall reasonably exercise discretion in taking corrective action.
- 2.1.2. Community Accountability Structure. Within six (6) months of the entry of the Court's Judgment and Order, Defendants with input from Plaintiffs shall develop an independent advisory group to inform action planning and program improvement and to assist in implementation of this Settlement Agreement. The advisory group shall remain in place until the final termination of this Settlement Agreement. The structure shall include a statewide cross section of stakeholders and may include representation from existing advisory or planning groups for child welfare collaboration including family partners and youth with experience in care.

At least one-third of this group shall be stakeholders who are foster care providers, relative care providers, parents, or youth who are experiencing or have experienced alternative placements within their families. No more than 20% of the members of this group shall be employees of the state of Kansas. At least 50% of the professional members of this group shall be professionals directly working with and providing services to families, or direct supervisors of professionals directly working with and providing services to families.

If this advisory group makes written recommendations to Defendants, Defendants shall respond in writing to this group within thirty (30) days, commenting upon the recommendations and advising as to whether the recommendations will be accepted in whole or in part or will not be accepted.

2.1.3. **Reporting**. In addition to the reporting requirements specified elsewhere herein, Defendants shall: (a) track and report for each twelve (12) month period, aligned with the four (4) one-year periods specified in Section 2.6, and every twelve (12) months thereafter until settlement termination, validated by the Neutral, all Class Members placed in a jail, correctional facility, detention facility, or other juvenile justice system placement, and the duration of time Class Members were or have been placed in such placements; and (b) track and report for each twelve (12) month period, aligned with the four (4) one-year periods specified in Section 2.6, and every twelve (12) months thereafter until settlement termination, validated by the Neutral, caseloads of all placement caseworkers and placement caseworker supervisors.

Part II: Practice Improvements

- 2.2 Defendants shall achieve Substantial Compliance with the following Practice Improvements in Section 2.5 by no later than October 31, 2021. The period of measurement for Substantial Compliance shall be from November 1, 2020 through October 31, 2021.
- 2.3 The Neutral shall review Defendants' performance data and information produced pursuant to Section 3.4 and shall validate that information as necessary to neutrally report on performance under each, consistent with the terms of this Settlement Agreement. Defendants shall track and report timely, reliable, and valid data concerning the Practice Improvements outlined in this Section, in a manner and format determined with input from the Neutral and Plaintiffs.
- 2.4 Once a Practice Improvement is achieved based on agreement of the Parties or validation by the Neutral, Defendants must maintain Substantial Compliance for one successive twelve (12) month period. Once Defendants have maintained Substantial Compliance for one successive twelve (12) month period for any of the Practice Improvements, all reporting and monitoring of that Practice Improvement will cease and that Practice Improvement is no longer enforceable under this Settlement Agreement.

2.5 Practice Improvements.

- 2.5.1 **Practice Improvement 1:** DCF shall end the practice of utilizing any of the following to temporarily house or otherwise maintain Class Members overnight: (a) any public or private provider agency offices or annexes absent Extraordinary Circumstances; or (b) any non-child welfare housing or temporary accommodations, including but not limited to: (i) hotels or motels, (ii) other commercial non-foster care establishments, (iii) cars, (iv) retail establishments, and (v) unlicensed homes of DCF's or its Contractors', Grantees', or Subcontractors' employees.
- 2.5.2 **Practice Improvement 2:** DCF shall ensure that no placement exceeds its licensed capacity without an approved exception pursuant to DCF's "Policy: Exception Requests for Foster Homes, 6/20/18, Rev. 10/21/2019" (attached hereto as Attachment 4).
- 2.5.3 **Practice Improvement 3:** Defendants shall not delay authorization and provision of medically necessary mental health treatment services until placement stability is achieved or otherwise link access to medically necessary mental health treatment services with placement stability.
- 2.5.4 **Practice Improvement 4:** Defendants shall ensure that Crisis Intervention Services are available to Class Members statewide.
- 2.5.5 **Practice Improvement 5:** With the exception of (a) emergency care or placements if appropriately time-limited and utilized in true emergency situations and (b) placements deemed appropriate using Item 4 of the Round 3 CFSR Onsite Review Instrument and Instructions (Jan. 2016) (attached hereto as Attachment 5), DCF shall end the practice of Night-to-Night Placements of Class Members by the end of Period 1 and end the practice of Short-Term Placements of Class Members by the end of Period 3, as those periods are specified in Sections 2.6 and 2.9. The

lack of safe and appropriate placement options cannot justify the use of emergency or Respite care. All Placement Moves, regardless of the reason, must be separately tracked and recorded.

Part III: Outcomes

- 2.6 Defendants shall be in Substantial Compliance with the following Outcomes in Section 2.9, which will be phased in over three (3) or four (4) one-year periods as specified in Section 2.9, commencing January 1, 2021, January 1, 2022, January 1, 2023, and, if applicable, January 1, 2024. DCF is alternatively entitled to accelerate the due date on any of the Outcomes in a manner and format set forth and approved by the Neutral.
- 2.7 The Neutral shall review Defendants' performance data and information produced pursuant to Section 3.4 and shall validate that information as necessary to neutrally report on performance under each, consistent with the terms of this Settlement Agreement. Defendants shall track and report timely, reliable, and valid data concerning the Outcomes outlined in this section, in a manner and format determined with input from the Neutral and Plaintiffs.
- 2.8 Once a Final Outcome target is achieved based on agreement of the Parties or validation by the Neutral, Defendants must maintain Substantial Compliance for one successive twelve (12) month period. Once Defendants have maintained Substantial Compliance for one successive (12) month period for any of the Outcomes, all reporting and monitoring of that Outcome will cease and that Outcome is no longer enforceable under this Settlement Agreement.

2.9 Outcomes.

2.9.1 **Outcome 1**: As independently validated by the Neutral, all Class Members entering DCF custody in a twelve (12) month period shall have a rate of Placement Moves that does not exceed the specified number of moves per 1,000 days in care during their current episode. The rate shall be determined using the definitions and measurements utilized by the CFSR Round 3 Statewide Data Indicator for Placement Stability and its Syntax Revisions (attached hereto as Attachment 6).

Period 1-7 moves per 1,000 days in care

Period 2-6 moves per 1,000 days in care

Period 3 – 5 moves per 1,000 days in care

Period 4 – Final Outcome - 4.44 moves per 1,000 days in care

2.9.2 **Outcome 2**: At least the following percentages of a statistically significant, representative, random sample of all Class Members in DCF custody during a twelve (12) month period shall have had their mental and behavioral health needs addressed, calculated utilizing the definitions and measurements in Item 18 of the CFSR Onsite Review Instrument and Instructions (Jan. 2016) (attached hereto as Attachment 5). The sample shall be to a 90% confidence interval with a 5% margin of error. The sample selection process and review protocol shall be approved by the Neutral. The results shall be independently validated by the Neutral who will review up to 50% of the cases in the sample.

Period 1 – 80% Period 2 – 85% Period 3 – Final Outcome - 90%

2.9.3 **Outcome 3:** At least the following percentages of a statistically significant, representative, random sample of all Class Members in DCF custody during a twelve (12) month period shall be in a placement setting that at the time of the review is stable, utilizing the definitions and measurements in Item 4 of CFSR Onsite Review Instrument and Instructions (Jan. 2016) (attached hereto as Attachment 5). The sample shall be to a 90% confidence interval with a 5% margin of error. The sample selection process and review protocol shall be approved by the Neutral. The results shall be independently validated by the Neutral with the Neutral reviewing up to 50% of the cases in the sample.

Period 1 – 80% Period 2 – 85% Period 3 – Final Outcome - 90%

2.9.4 **Outcome 4**: At least the following percentages of all Class Members in DCF custody at any point during the twelve (12) month reporting period shall have one (1) or fewer Placement Moves in the twelve (12) months immediately preceding the last date of that reporting period. Moves shall be determined using the definitions and measurements utilized by the CFSR Round 3 Statewide Data Indicator for Placement Stability and its Syntax Revisions. This measure shall include all children in the Class at any point during the twelve (12) month reporting period, whether or not they were still in the Class at the end of the reporting period. The measure shall be the number of Placement Moves in the twelve (12) months immediately preceding the last date of the reporting period, i.e., only moves occurring during the reporting period will be considered for this measure.

Period 1-75%Period 2-80%Period 3-85%Period 4 - Final Outcome - 90%

2.9.5 **Outcome 5**: At least the following percentages of a statistically significant, representative, random sample of all Class Members entering DCF custody during a twelve (12) month period shall have received a timely Initial Mental Health and Trauma Screen within thirty (30) days upon each entry into the foster care system. The Initial Mental Health and Trauma Screen shall be performed by a person who has been trained to reliably administer the Screen, and who is either a Qualified Mental Health Professional or a professional who holds a bachelor's degree in the field of human services or a related field, including but not limited to the following: Community Counseling, Human Development, Child and Family Development, Applied Family and Youth Studies, Public Health,

Health Sciences, Trauma Studies, Sociology/Social Services, Substance Abuse/Addictions, Education/Early Childhood, or Psychology. The sample shall be to a 90% confidence interval with a 5% margin of error. The sample selection process and review protocol shall be approved by the Neutral. The results shall be independently validated by the Neutral with the Neutral reviewing up to 50% of the cases in the sample.

Period 1 – 80% Period 2 – 85% Period 3 – Final Outcome - 90%

SECTION 3: SUBSTANTIAL COMPLIANCE AND TERMINATION

- 3.1 Neutral. The Parties agree that the Neutral will be Judith Meltzer and the Center for the Study of Social Policy or, if s/he is unable or unwilling to serve, the Parties agree to choose a mutually agreeable alternative Neutral, and if they are unable to agree on the Neutral to invoke the Dispute Resolution process in Section 4. Neither Party shall have supervisory authority over the Neutral. Defendants shall engage the Neutral at Defendants' expense. Defendants will ensure the Neutral has access to the information and data and staff necessary to perform the responsibilities assigned to the Neutral in this Agreement, including direct remote access to Defendants' data systems. The Parties shall have access to all information utilized by the Neutral consistent with the terms of this Settlement Agreement. The Neutral shall be bound by the Protective Order governing this action, and all confidential information obtained by the Neutral shall be maintained as such by the Neutral consistent with federal and state law, and shall be returned to Defendants or destroyed upon final exit and termination of jurisdiction over this Settlement Agreement. The Neutral may retain child welfare professionals solely for the purposes of satisfying his/her responsibilities under this Settlement Agreement. Any child welfare professionals retained under this provision shall review and sign the Protective Order in this action.
- 3.2 The Neutral shall be permitted to communicate separately ex parte with all Parties and the Court.
- 3.3 The Neutral shall convene a confidential meeting of the Parties to discuss progress and performance at least quarterly during the first twelve (12) months following the Judgment and Order and then at least semiannually thereafter.
- 3.4 The Neutral shall produce reports to the Parties validating Defendants' performance on the obligations in Section 2 of this Settlement Agreement. Within sixty (60) days of any obligation in Section 2 of this Settlement Agreement coming due, Defendants shall provide to the Neutral all data and other information necessary for the Neutral to validate performance and produce a report to the Parties on performance. The Neutral's report validating Defendants' performance shall be produced to the Parties as soon as practicable.
- 3.5 The Neutral shall have continuing access to all data and other information necessary to validate performance on any outstanding obligation in Section 2 of this Settlement Agreement.

- 3.6 Subsequent to entry of the Judgment and Order, the Neutral shall provide the Parties with consolidated public performance reports on all outstanding obligations in Section 2 of this Settlement Agreement. These public reports shall be provided on approximately an annual basis or more frequently as the Neutral may determine is efficient.
- 3.7 For any and all reports issued by the Neutral, the Neutral shall first provide the Parties with a draft report with an opportunity to allow the Parties to provide comments to the Neutral, which comments the Neutral must review and consider prior to finalizing the report.
- 3.8 If Defendants believe their performance on any obligation in Section 2, Parts II and III, of this Settlement Agreement warrants achievement, dismissal and termination from the Court's jurisdiction under this Settlement Agreement, the Parties shall first negotiate for fourteen (14) days to see if there is agreement to dismissal and termination with respect to the provision. If there is agreement, the Parties shall promptly and jointly file a proposed Order dismissing and terminating the provision from the Settlement Agreement. If there is no agreement, unless the Parties consent to extend negotiations, Defendants may trigger the Dispute Resolution process in Section 4.
- 3.9 With respect to each obligation in Section 2, Parts II and III, of this Settlement Agreement, if Defendants believe they have achieved Substantial Compliance with a "hit" or a "hold," Defendants may invoke Section 3.8.
- 3.10 Defendants may accelerate the due date for any of the Outcomes if Defendants believe they have achieved the final target for that Outcome. If Defendants choose to accelerate the due date of the final target for any Outcome, the Neutral shall review and validate the performance for the most recent twelve (12) month period prior to Defendants' assertion of accelerated achievement of the Outcome. Once the Neutral reports on validated performance for the accelerated final Outcome, and Defendants have achieved both the required "hit" and successive twelve (12) month "hold" period, Defendants may invoke Section 3.8.
- 3.11 The additional successive twelve (12) month "hold" period only applies to the Practice Improvements and final target Outcomes, not the interim targets.
- 3.12 Once Defendants have achieved both the "hit" and the "hold" for a Practice Improvement or a final target Outcome either as agreed upon by the Parties or as determined by the Court that Practice Improvement or Outcome is no longer enforceable under this Settlement Agreement.
- 3.13 Once Defendants have achieved termination and dismissal of all of Section 2, Parts II and III, of this Settlement Agreement, Defendants' obligations under this entire Settlement Agreement shall end, and the Parties will file a pleading with the Court requesting that the Court's continuing jurisdiction in the Litigation should be terminated.

SECTION 4: DISPUTE RESOLUTION

4.1 Mediator. The Parties agree that the Mediator will be Karen Baynes-Dunning or, if s/he is unable or unwilling to serve, the Parties agree to choose a mutually agreeable alternative Mediator, and if they are unable to agree, the Neutral shall select the Mediator. Neither Party shall

have supervisory authority over the Mediator. The Parties shall engage the Mediator at Defendants' expense. The Parties shall have access to all information utilized by the Mediator consistent with the terms of this Settlement Agreement. The Mediator shall be bound by the Protective Order governing this action, and all confidential information obtained by the Mediator shall be maintained as such by the Mediator consistent with federal and state law, and shall be returned to Defendants or destroyed upon final exit and termination of jurisdiction over this Settlement Agreement.

- 4.2 Plaintiffs or Defendants shall invoke the provisions of this Dispute Resolution Section 4 with respect to any disputes pertaining to Substantial Compliance, exit, or any assertion of noncompliance under this Settlement Agreement by delivering written Notice of the dispute(s) or assertions of violation to the other Party and to the Mediator.
- 4.3 The Notice of dispute shall be accompanied by any written argument and any request for remedies.
- 4.4 The Parties shall proceed with a confidential mediation process, which shall include the engagement of the Mediator over a sixty (60) day period to arrive at a mutually agreed resolution of the dispute. The time period for confidential mediation may be extended on the consent of the Parties. The Neutral may participate in the confidential mediation process if the Parties agree. If the issue is not resolved within sixty (60) days or as extended on the consent of the Parties, the Party raising the dispute may bring a motion to the Court for enforcement and remedies under applicable federal law.
- 4.5 The Parties agree that any disputes brought to the Court pertaining to Substantial Compliance, exit, or any assertion of noncompliance, shall only be based on the information contained within the Neutral's validated reports, unless otherwise directed by the Court. The Court may call the Neutral as a witness. The Neutral shall not provide any legal opinions in any report or testimony.
 - 4.6 The Court shall have and shall retain jurisdiction over any enforcement.
- 4.7 Class Counsel may bypass the sections above and seek immediate relief in Court if they clearly demonstrate that Defendant(s)' action or inaction in material contravention of this Settlement Agreement caused or is likely to cause an immediate and substantial risk of harm to Class Members and there is no time for negotiations. The Court shall have and shall retain jurisdiction over any enforcement under this section.

SECTION 5: COURT APPROVAL AND DISMISSAL

- 5.1 As soon as practical after the execution of this Settlement Agreement, the Parties shall file a joint or unopposed motion seeking Preliminary Approval of the Settlement Agreement.
- 5.2 After the Order of Preliminary Approval is granted, and as instructed by the Court, in advance of the final fairness hearing the Parties shall submit a joint or unopposed motion for a Judgment and Order granting final approval of the Settlement Agreement. The Parties agree that the proposed Judgment and Order shall:

- 5.2.1 Grant final approval of the Settlement Agreement, without modification of its terms in any respect, unless the Parties have agreed to any modifications, as fair, reasonable, and adequate to the Plaintiff Class as provided in Federal Rule of Civil Procedure 23, and find that the Settlement Agreement resulted from extensive arm's length, good faith negotiations between the Parties through experienced counsel, with the assistance of an independent mediator and subject-matter expert.
- 5.2.2 Dismiss the Litigation with prejudice, pursuant to Federal Rule of Civil Procedure 41(a)(2), after compliance with Federal Rule of Civil Procedure 23(e). The Order of dismissal will also comply with the requirements of Federal Rule of Civil Procedure 65(d)(1), and the Court will expressly incorporate the actual terms of this Settlement Agreement and make the Parties' compliance with the terms of this Settlement Agreement part of that dismissal order.
- 5.2.3 Find that each Class Member shall be deemed to have released the Released Claims against the Defendants.
- 5.2.4 Bar all Class Members from prosecuting, commencing, or continuing any of the Released Claims against the Defendants.
- 5.2.5 Include a finding that by agreeing to settle the Litigation, Defendants do not admit, and specifically deny, any and all liability in the Litigation.
- 5.2.6 Incorporate the entirety of the express terms of the Settlement Agreement and provide that the Court has and shall retain jurisdiction over its Judgment and Order for the purposes stated herein.
- 5.3 The proposed Judgment and Order may also propose that the Court rule on a motion for Class Counsel Fees and Expenses for work through the Date of Final Approval, or the Parties may propose that such motion be resolved in a separate Order.

SECTION 6: MISCELLANEOUS

- 6.1 This Settlement Agreement shall be interpreted under applicable federal law.
- 6.2 This Settlement Agreement may be executed in counterparts.
- 6.3 All provisions in this Settlement Agreement are separately and independently enforceable, as set forth herein. Unless otherwise specifically stated in this Settlement Agreement all provisions shall apply to all Class Members.
- 6.4 If the Court does not grant final approval of the Settlement Agreement as set forth herein, it shall become null and void.

- 6.5 The obligations of Defendants set forth in this Settlement Agreement are binding whether they are performed, delivered, implemented or managed directly by the Defendant(s)' employees or by provider agencies under Contract, Grant, or Subcontract.
- 6.6 This Settlement Agreement shall be binding and enforceable against the Parties. For as long as the Settlement Agreement remains in effect, all provisions will be applicable to DCF, KDHE, KDADS, and their successors, and upon any changes to the current organizational structure of DCF, KDHE, or KDADS, will apply with full force and effect to any subsequent agency or agencies with any of the responsibilities of the current DCF, KDHE, and KDADS.
- 6.7 Each of the Parties to this Settlement Agreement shall use their best efforts to cause the Settlement Agreement to be given final approval.
- 6.8 This Settlement Agreement and its Attachments constitute the entire agreement between the Parties and no representations, warranties, or inducements have been made to any party concerning this Settlement Agreement other than the representations, warranties, and covenants contained in this Settlement Agreement. No amendment to this Settlement Agreement prior to the final Judgment and Order is effective unless in writing and signed by the Parties and approved by the Court. Subsequent to the final Judgment and Order, any modification of the Settlement Agreement or the final Judgment and Order shall be governed by federal law.
- 6.9 The Parties and their counsel have mutually contributed to the preparation of this Settlement Agreement. Accordingly, no provision shall be construed against any Party on the grounds that one of the Parties or their counsel drafted the provision.
- 6.10 The Settlement Agreement shall be binding upon, and inure to the benefit of, the successors and assigns of the Parties.
- 6.11 Plaintiffs agree not to seek judicial relief for isolated, technical, or de minimis violations of this Agreement, or for violations relating solely to an individual child. Nothing in this Agreement is intended to prevent any state court with jurisdiction over an individual Class Member's case from issuing specific rulings in such an individual case.
- 6.12 The operative Stipulated Confidentiality and Protective Order ordered by the Court on February 8, 2019 (ECF 26) shall remain in full force and effect until the Court issues an Order granting final termination of jurisdiction over and exit from the Settlement Agreement and the final Judgment and Order. Any and all communications concerning the negotiation of the Settlement Agreement, including, but not limited to, its content or any details conveyed to or by either Party or the mediator during its negotiation, shall be confidential. However, nothing in this Settlement Agreement shall prohibit or restrict any Party or their representatives from publicly communicating the fact that the Parties are or have been engaged in communications regarding settlement without revealing specific details. The Parties acknowledge that the terms of the Settlement Agreement will be made public upon the filing of the settlement with the Court and that the Parties may comment on specific terms of the Settlement Agreement following its approval by the State Finance Council.
- 6.13 The Parties anticipate that the Settlement Agreement may be modified, upon the consent of the Parties and approval of the Court, in an ongoing effort to accelerate the successful

achievement of its obligations and final termination of jurisdiction over the Settlement and the final Judgment and Order.

- 6.14 The Parties recognize that nothing in this Settlement Agreement obligates the Legislature to appropriate funds in connection with the implementation of this Settlement Agreement or to establish any new programs. Defendants shall make all reasonable efforts to provide funding and other resources necessary to implement and achieve the obligations under the Settlement Agreement, including making requests for State funds or seeking federal/special fund authorization. Defendants' failure to provide and/or Defendants' efforts to provide such adequate funding and resources will not excuse, or limit remedies to address, the failure to implement or achieve any of the obligations set forth in the Settlement Agreement.
- 6.15 The undersigned each represents that he or she is fully authorized to execute this Settlement Agreement on behalf of the settling party for which he or she signs.

IN WITNESS WHEREOF, the Parties hereto have executed this Settlement Agreement in several counterpart originals on the date set forth opposite their names.

SIGNATURE PAGE

WHEREFORE, the Parties hereto signify their agreement to this Settlement Agreement and to all the terms herein by signing where indicated below.

CHILD AND ADOLESCENT FUNCTIONAL ASSESSMENT SCALE (CAFAS®) Name Child ID# Sex: □ boy □ girl Agency/Site ID # ☐ Family/Relative Home ☐ Foster Home ☐ Therapeutic Foster ☐ Detention/Jail ☐ Other Residential CAFAS ADMINISTRATION: ☐ 1st Evaluation ☐ 2nd Evaluation ☐ 3 Months ☐ 6 Months □ 9 Months □ 12 Months □ 18 Months □ 15 Months □ 21 Months □ 24 Months ☐ Exit from Service ☐ Change in Intensity of Service ☐ Unknown ☐ Other Rater Signature: My signature certifies that I have endorsed specific CAFAS items which describe this child's behavior and which support the scores for each of the CAFAS subscales. This CAFAS form with endorsements is being retained in the case file. Rater Signature: INSTRUCTIONS: Only persons who have established that they are reliable raters should rate the CAFAS®. Reliability is established by using the CAFAS® Self-Training Manual. Be sure to rate the youth's most SEVERE level of dysfunction for the time period being rated. The CAFAS is designed as a measure of functional status and should not be used as the sole criterion for determining any clinical decision, including need or eligibility for services, intensity of services, or dangerousness to self or others. Note that a list of strengths/goals follows each scale. Each characteristic can be viewed as a strength (i.e., youth has the characteristic currently) or a goal (i.e., youth does not yet have the characteristic but it is a goal in the youth). You may circle as many strengths and goals as you like to assist in developing a treatment plan (see last two pages). These items are separate from the CAFAS and do not affect the scoring of the CAFAS. The rater should sign this form (see above). **CAFAS SCORING SUMMARY** SCALE SCORES FOR YOUTH'S FUNCTIONING RISK BEHAVIORS: SCHOOL/WORK ROLE PERFORMANCE Youth's Functioning HOME ROLE PERFORMANCE Has made a serious suicide attempt or is considered to be actively suicidal (119, 142-145) or possibly suicidal (146-148) COMMUNITY ROLE PERFORMANCE Has been or may be harmful to others or self due to: Aggression: BEHAVIOR TOWARD OTHERS at School (3,4) in the Community (68) $\overline{\Box}$ in Behavior in general (89) at Home (43) MOODS/EMOTIONS Sexual Behavior (69, 77, 90) Fire Setting (71, 78) SELF-HARMFUL BEHAVIOR Runaway Behavior (48, 54) Psychotic or Organic symptoms in the context of severe SUBSTANCE USE impairment (182-186) Severe Substance Use (154-164) THINKING Caregiver Resourcefulness TOTAL FOR YOUTH based on 8 Scales Youth's needs far exceed caregiver's resources (211-221 or SCALE SCORES FOR CAREGIVER'S RESOURCES 289-299) Other Primary MATERIAL NEEDS FAMILY/SOCIAL SUPPORT LEVELS OF OVERALL DYSFUNCTION BASED ON YOUTH'S TOTAL SCORE 8 Scale Sum Description 0-10 Youth exhibits no noteworthy impairment 20-40 Youth likely can be treated on an outpatient basis, provided that risk behaviors are not present 50-90 Youth may need additional services beyond outpatient care 100-130 Youth likely needs care which is more intensive than outpatient and/or which includes multiple sources of supportive care 140 & higher Youth likely needs intensive treatment, the form of which would be shaped by the presence of risk factors and the resources available within the family and the community

OPTIONAL: TREATMENT PLAN

INSTRUCTIONS: Write in scale name. For the PROBLEM(S), GOALS(S), and STRENGTH(S), provide the CAFAS item number and the item description. For the PROBLEM(S), you may want to elaborate on the details (e.g., expelled for taking a butter knife to school on January 5, 1999). Under PLAN, you can provide details for accomplishing the specified goal.

This PECFAS form with endorsements is being retained in the case file. INSTRUCTIONS: Only persons who have established that they are reliable raters should rate the PECFAS. Be sure to rate the child's most <u>SEVERE</u> level of dysfunction for the time period being rated. The PECFAS is designed as a measure of functional status and should not be used as the sole criterion for determining any clinical decision, including need or eligibility for services, intensity of services, or dangerousness to self or others. Note that a list of strengths/goals follows each scale. Each characteristic can be viewed as a strength (i.e., child has the characteristic currently) or a goal (i.e., child does not yet have the characteristic but it is a goal in the child's individualized service plan). You may circle as many strengths and goals as you like to assist in developing a treatment plan. These items are separate from the PECFAS and do not affect the scoring of the PECFAS. The rater should sign this form (see above). PECFAS SCORING SUMMARY SCALE SCORES FOR CHILD'S FUNCTIONING RISK BEHAVIORS: Child's Functioning SCHOOL/DAYCARE ROLE PERFORMANCE Has made a serious suicide attempt or is considered to be HOME ROLE PERFORMANCE actively suicidal (118, 150-153) or possibly suicidal (154-156) COMMUNITY ROLE PERFORMANCE Has been or may be harmful to others or self due to: ☐ Ag ression: ☐ at sch BEHAVIOR TOWARD OTHERS at sch ol (3,4) in the Community (63) a Home (33) Ser ial chaylor (62, 69, 82) Fire Setting (65, 70) in Behavior in general (81) MOODS/EMOTIONS SELF-HARMFUL BEHAVIOR Runaway Behavior (36) THINKING/COMMUNICATION Psychotic or Organic symptoms in the context of severe impairment (162-169) TOTAL FOR CHILD based on 7 Scales Caregiver Resourcefulness Child's needs far exceed caregiver's resources (195-205 or SCALE SCORES FOR CAREGIVER'S RESOURCES 234-244) Other Explanation: MATERIAL NEEDS FAMILY/SOCIAL SUPPORT

Strengths(S)/Goals (G) for School/Daycare Scale

(OPI	10NA	L: UNNECESSARY FOR PECFAS RATING)			
S1	G1	Is permitted to attend school/daycare	S11	G11	Benefits from assistance when problems arise
S2	G2	Attends school/daycare regularly	S12	G12	Learning skills appropriate to age level
S3	G3	Likes going to school/daycare	S13	G13	Stays on task (appropriate to age)
S4	G4	Behavior at school is devoid of aggressive acts or threats	S14	G14	Feels good about performance in learning activities
S5	G5	Good behavior in classroom (not a problem)			Can transition from one activity to another
S6	G6	Teacher in specialized classroom can manage behavior			Is enthusiastic about favorite activities
S7	G7	Regular classroom teacher can manage behavior	S17	G17	Actively participates in learning activities
S8	G8	Gets along okay with teachers	S18	G18	Likes to read or to be read to
S9	G9	Enjoys praise from teachers	S19	G19	Takes nap or rest as expected
\$10	G10	Fasily follows adult guidance	S20	G20	Other

HOME Role Performance	Severe Impairment Severe disruption or incapacitation (30) 031 Child was placed outside of the home due to child's unmanageable or dangerous behavior in the home which occurred during the rating period. 032 Extensive management by others required in order for child to be maintained in the home. 033 High degree of supervision needed due to potentially dangerous behavior (e.g., head- banging, tries to hurt younger children, "plays" with electric- ity). 034 Child's behavior, while not necessarily dangerous, demands constant attention, and efforts to reduce the behavior have not been successful (e.g., destroys things, wanders away, extreme temper tantrums, screaming, crying). 035 Constantly clings to caregiver to the extent that caregiver's ability to work or carry out other roles is interfered with. 036 Leaves home with the intent to "run away."	Moderate Impairment Major or persistent disruption (20) 039 Persistently uncooperative or disobedient, which interferes with doing routine care tasks for the child (e.g., getting dressed, taking a bath, brushing teeth, age- appropriate bowel and urine habits). 040 Persistently fails to do as told or to follow instructions. 041 Persistently refuses to carry out age-appropriate expectations (e.g., pick up toys, put things away). 042 Behavior is often adequate but there are periods, lasting several days, in which child is markedly disobedient or uncooperative. 043 Behavior is consistently demanding (i.e, child always on the go, child reacts very strongly if something happens that he/she does not like or if frustrated). 044 At mealtimes, does not eat or does not want to eat so that child has to be coaxed.	Mild Impairment Significant problems or distress (10) 046 Frequently (but not always) won't follow reasonable rules and expectations within the home (e.g., going to bed on time), more than other children the same age. 047 Has to be "watched" or prodded in order to get him/ her to do chores or comply with requests. 048 Often engages in behaviors which are frustrating to caregiver (e.g., purposeful dawdling, follows caregiver around). 049 Insists that caregiver do things for him/her that the child could do without help. 050 "Balks" or resists routines or taking instruction, but will comply if caregiver insists. 051 Upset if an adult is not paying attention or interacting with him/her.	No Impairment No disruption in functioning (0) 054 Typically cooperative in following reasonable rules and expectations within the home. 055 Minor problems satisfactorily resolved. 056 Behaves age- appropriately even though there are occasional temporary regressions due to the child's developmental stage or specific family circumstances.
	037 At mealtimes, does not eat or refuses to eat so that child has to be fed.		052 Very finicky eater.	
		045 EXCEPTION	053 EXCEPTION	057 EXCEPTION

Strengths(S)/Goals (G) for Home Scale (OPTIONAL: UNNECESSARY FOR PECFAS RATING) S21 Behavior at home is devoid of aggressive acts or S33 G33 Obeys rules routinely S34 G34 Will accept routines (e.g., around bedtime, meals) S22 G22 Does not use profanity toward others in home S35 G35 Night time routine (getting ready for bed) goes well S23 G23 Respectful of property in the home S36 G36 Easily relaxes and goes to sleep for nap or at night S24 G24 Can be managed in the home with assistance S37 G37 Can be soothed and calmed when difficulties arise S25 G25 Can be managed in the home without assistance S38 G38 Has a good appetite S26 G26 Safe behavior even without close supervision S39 G39 Participates in family activities S27 G27 Accepts consequences for undesirable behavior S40 G40 Manages changes and transitions satisfactorily S28 G28 Reacts non-impulsively over disagreements S41 G41 Takes pride in being able to do some activities S29 G29 Seeks help from caregiver when needed independently S30 G30 Willing to take help offered by caregiver S42 G42 Good behavior on home visits S31 G31 Accepts direction from caregiver S43 G43 Other S32 G32 Will help do household "chores" when asked

	Severe Impairment Severe disruption or incapacitation (30)	Moderate Impairment Major or persistent disruption (20)	Mild Impairment Significant problems or distress (10)	Minimal or No Impairment No disruption in functioning (0)
COMMUNITY Role Performance	059 Associates or hangs around with older children who are likely involved with illegal activities or gang activities. 060 Does favors or tasks for older children who are likely involved with illegal activities or gang activities. 061 Has repeatedly stolen property or money outside the home and is aware that it is considered wrong to steal. 062 Does or attempts inappropriate sexual acts with children (i.e., as a perpetrator, not as a victim). 063 Committed acts that would likely result in confinement if child were older. 064 Deliberate and severe damage of property outside the home (e.g., school/daycare, car, building). 065 Deliberate firesetting with malicious intent.	067 On more than one occasion, committed acts that would be considered delinquent if child were older (e.g., vandalism, defacing property, threatening aggression, shoplifting other than minor items such as candy). 068 Often chooses to play with children who get into delinquent-like trouble. 069 Has been sexually inappropriate such that adults have concern about the welfare of other children who may be around the child unsupervised. 070 Repeatedly and intentionally plays with fire such that damage to property or person could result.	072 Minor problems not satisfactorily resolved (e.g., takes candy from store after having been previously corrected for doing so). 073 Sometimes plays with children who get into serious trouble. 074 Plays with fire on more than one occasion.	076 Does not negatively impact on the community. 077 Minor problems satisfactorily resolved.

	Severe Impairment Severe disruption or incapacitation (30)	Moderate Impairment Major or persistent disruption (20)	Mild Impairment Significant problems or distress (10)	Minimal or No Impairment No disruption in functioning (0)
MOODS/EMOTIONS (Emotions = anxiety, depression, moodiness, fear, worry, irritability, tenseness, panic, anhedonia)	114 Viewed as odd or strange because emotional responses are incongruous or inappropriate (unreasonable, excessive) most of the time. 115 Expresses marked distress upon being away from caregiver and cannot be consoled (stays highly upset). 116 If school-age, child has poor attendance (i.e., absent for at least one day per week on average) due to desire to be with caregiver, fearfulness, or anxieties. 117 Sadness or lack of usual expressiveness is associated with failure to do tasks or activities at school/daycare, OR marked disinterest in other kids, OR refusal/disinterest in eating. 118 Sadness or unhappiness is accompanied by suicidal wish. 119 Looks unhappy, sad, or very anxious most of the time; nothing seems to please or comfort the child. 120 Cries a lot and cannot be consoled, and with no physical explanation. 121 Emotional blunting (i.e., no or few signs of emotional expression; emotional expression is markedly flat).	123 Overreacts to being away from caregiver, but can eventually be consoled. 124 Extremely tense or fearful (e.g., overreacts to sounds or noises). 125 Worries excessively and persistently with disturbance in functioning manifested by at least one of the following: sleep problems, tiredness, poor concentration, irritability, muscle tension, or feeling "keyed up." 126 Sadness or unhappiness is persistent over time with disturbance in functioning in at least one of the following areas: sleeping, eating, concentration, energy level, or normal activities. If only irritability or anhedonia (i.e., marked diminished interest or pleasure in typical activities) is present, there should be disturbance in two or more areas. 127 Persistent self-criticism or feelings of worthlessness. 128 Has emotional flare-ups frequently, but not most of the time (e.g., sobbing uncontrollably, outbursts that are difficult to control or deflect). 129 Notable emotional restriction (e.g., has difficulty expressing strong emotions such as fear, hate, love).	131 Tends to be anxious, fearful, tense, or sad, with some related symptom present (e.g., nightmares, stomachaches, nailbiting, wakes up at night, has trouble getting to sleep). 132 Overreacts compared to other children; disproportionate expression of irritability, fear, or worries. 133 Easily distressed if makes mistakes (more than other children the same age). 134 Sad, withdrawn, hurt, or anxious if criticized; feelings are too easily hurt. 135 Sad (or depressed or anhedonic) or anxious in at least one setting for up to a few days at a time. 136 Never plays energetically or expresses joy or delight. 137 Too worried about neatness, cleanliness. 138 Child has nervous habits (e.g., scratching or twitching). 139 Frequent nightmares or awakenings (i.e., at least two times a week). 140 Overreacts to changes in schedule or routine.	142 Feels normal distress, but daily life is not disrupted. 143 Considers self to be an "OK" person. 144 Can express strong emotions appropriately. 145 Behaves ageappropriately even though there are occasional temporary regressions due to the child's developmental stage or specific family circumstances. 146 Child is generally happy. 147 Experiences of sadness and anxiety are age-appropriate.

Laura Howard, Secretary

Laura Kelly, Governor

Policy: Exception Requests for Foster Homes 6/20/2018 Rev. 10/21/2019

Exceptions to Regulations for Licensed Family Foster Homes

I. Policy

The Division may grant an exception to a specific regulation or any portion of a specific regulation per KAR 28-4-804(e).

Rationale: An exception to a regulation may be approved if it is determined that the exception is in the best interest of a child(ren) and does not violate any statutory requirements and meets the requirements of the Family First Prevention Services Act.

Procedure

- 1) To request an exception to a regulation, the foster home's sponsoring agency must complete a "Request for Exception" form (http://www.dcf.ks.gov/Agency/GC/FCRFL/Documents/FCL forms/FCL 408 FFHExceptio nWorksheet.pdf
 -), which should be submitted by email to DCF.FCLExceptions@ks.gov
- 2) Common reasons for exception requests include, but are not limited to:
 - a) The number of foster children cared for in a Family Foster Home may be exceeded for any of the following reasons:
 - 1) To allow a parenting youth in foster care to remain with the child of the parenting youth;
 - 2) To allow siblings to remain together:
 - 3.) To allow a child with an established meaningful relationship with the family to remain with the family; and
 - 4) To allow a family with special training or skills to provide care to a child who has a severe disability.
 - b) Placement of child(ren) causes the home to go over its licensed capacity; as required by section
 - c) Square footage less than required for the period of the exception, due to over capacity
 - d) Age of child(ren) being placed is outside of the licensed age range
 - e) Placement of child(ren) results in more than 6 children total in the home under age 16 and meets the requirements of subsection (a).
 - f) Child(ren) sharing bedroom(s) who are not age-mates
 - g) Child(ren) over 12 months of age still needing to sleep in licensees' bedroom
 - h) Child(ren) over 18 months of age still sleeping in a crib
 - i) Home has 6 children of their own under age 16 and wants to initiate or maintain licensure
- 3) Complete exception requests will be processed and determined to be approved or denied. Complete exception requests include, at a minimum: (Other documents may be needed.)

EXCEPTION WORKSHEET

To facilitate timely review and consideration, submit this worksheet to DCF with any Request for Exception (FCL 408). Complete all application information. Please type or print. If yes, how many _____ If yes, are any still in effect or still needed YES NO Specify: If yes, explain the circumstances and attach a copy: ___ Was the PDP or CAP successfully completed? TYES NO Date Completed: Reason(s) this request is in the best interest of the children (Check all that apply and include full explanation in #13): To keep siblings together To keep a teen parent and his/her own child together Child(ren) and foster parent(s) have a prior relationship Foster home is in child(ren)'s home or contiguous county To preserve relative connections for the child(ren) To preserve school & community connections for the child (ren) To facilitate permanency goals, such as reunification Family is a cultural match for the child(ren) Explain: Child has special needs and the foster parent(s) have expertise in the needed area Other, specify: For each bedroom, list ALL household members and child(ren) for whom placement is requested: Gender Relationship to foster parent(s) If applicable, length of Name (First & Last) <u>Age</u> placement in this home BEDROOM #1 (Corresponding to bedroom numbers on floor plan) BEDROOM #2 BEDROOM #3 Name (First & Last) BEDROOM #4

	BEDROOM #5
· ;	
•	
	If applicable, anticipated date of departure for any child listed above:
	Are any of the above-listed children siblings? YES NO
	If yes, which children?
5.	Are there sufficient beds available? YES NO
	If no, explain:
6.	Are there sufficient cribs available?
7.	Is there sufficient seating with appropriate restraints in the available vehicles to provide for necessary transportation? YES NO If no, explain:
8.	Are there sufficient child safety seats and/or booster seats available? YES NO NA If no, explain:
9.	If the request is for the family to provide care outside of the licensed age range, has it been verified that the home is in compliance with the regulations applicable to that age group? (Refer to FCL 403 Family Foster Home Survey Instrument regarding regulations specific to age groups) YES NO NA Verified by (Name of staff):
<u>)</u> -	If no, explain:
10.	Identify any special needs of any child currently in placement and/or any child for whom care is addressed by this Request.
11.	Identify any additional supports the sponsoring Child Placing Agency will provide to enable the family to care for these children.
12.	If the children are not known to the family, how many other local family foster homes were contacted within your agency?
	What other child-placing agencies were contacted? (List or attach a list)
13.	Explain how this exception request is in the best interest of each child, any additional information related to the request regarding the specific circumstances of the child(ren) in foster care and/or the foster family. If this exception is granted, how will you assure the health safety and well-being of children in care?

Note: Foster Home is to retain this form in their licensure file on the premises. Exceptions are approved for specific children only. If the exception is for increase in capacity, it is valid through the approval date or until any child leaves care, whichever occurs sooner.

Children's Bureau Child and Family Services Reviews Onsite Review Instrument and Instructions GENERAL INSTRUCTIONS

The Onsite Review Instrument and Instructions is used to review both foster care and in-home services cases during the onsite review component of the Child and Family Services Reviews. In completing the instrument, reviewers conduct case file reviews and case-related interviews with children, parents, foster parents, caseworkers, and other professionals involved with the child.

The instrument is organized into a Face Sheet and three sections. On the Face Sheet, reviewers document general information about a case, such as the type of case. The three sections focus on the outcome domains that form the basis of the Child and Family Services Reviews: safety, permanency, and child and family well-being. For each outcome, reviewers collect information on a number of "items" related to that outcome.

Although reviewers use the instrument to review both foster care and in-home services cases, they should complete the permanency section only if the case under review is a foster care case. If reviewing an in-home services case, reviewers should select Not Applicable as the rating for the permanency items.

For children in foster care, reviewers should consider the safety items (1 through 3) for all children in the family, but complete the permanency items (4 through 11) and the child and family well-being items (12 through 18) only as they apply to the specific child whose case is under review. For children receiving in-home services, reviewers should consider the safety items (1 through 3) for all children in the family home and complete the well-being items (12 through 18) for all children in the family unless reviewers determine that only specific children should be receiving services and, based on case circumstances, the other children in the family home do not need to be considered in these items.

Reviewing the Case

Reviewers must respond to all the questions for each applicable item. Reviewers should use their professional judgment to determine how best to gather all the relevant information needed to respond to questions. The instrument provides some instructions on where to find information, such as the case record or court orders. Information gathered through case-related interviews should be considered when responding to questions.

Reviewers must indicate the case participants who have been included in the assessment of certain items, in order to identify which children in an in-home services case were included in the assessment of various items and in order to determine who was being considered as "mother" and "father" in various items. Participants should be selected from the case participants listed in the child and case participant tables in the face sheet.

Further instructions for answering the questions relating to the individual items, along with definitions for key terms, are provided below the relevant question. Reviewers should read all instructions and definitions carefully before responding to questions.

CHILD AND FAMILY SERVICES REVIEWS ONSITE REVIEW INSTRUMENT Face Sheet

Case Information

Definition and Instructions for Questions A Through E Below:

- For the local area, use the name that is used by the state for the review. This may be a region rather than a county, or may be multiple counties.
- Enter the case name that is the official name on the case file.
- The period under review is the time frame used for making decisions about the case. It begins with the sampling period start date and ends with the date the case review was completed.

A.	Name of state and county (or local area):
B.	Case name:
C.	Period under review begins on:
D.	Reviewer name(s):
	Initial QA completed by (name):
	Second Level QA completed by (name):
	Secondary Oversight completed by (name):
E.	Date case review was completed:
F.	What is the type of case reviewed? Select one type only:
Foet	er Care 🗖 In-Home Services 🗖 In-Home Services—Differential/Alternative Response 🗖

Question F Instructions:

- The case is a foster care case if the target child was in foster care at any time during the period under review. A child is considered to be in foster care if the state child welfare agency or another public agency with whom the agency has a title IV-E agreement (hereafter "the agency") has placement and care responsibility for the child. This includes a child who is placed by the agency with relatives or in other kin-type placements, but the agency maintains placement and care responsibility. It does not include a child who is living with relatives (or caregivers other than parents) but who is not under the placement and care responsibility of the agency.
- The case is an in-home services case if no child in the family was in foster care at any time during the period under review, and the case was open for at least 45 days.
- The case is an in-home services differential/alternative response case if the state has some form of differential/alternative response program during the period under review and the in-home services case was served through that program.

G1. Child Table

Target Child	Child's Name	Race(s)	Ethnicity	Date of Birth (MM/DD/YYYY)	Gender	Interviewed (Yes/No)

Table G1 Instructions:

- For both foster care cases and in-home services cases, enter the first and last names (first name first) of all children in the family as identified in the case file. If the case is a foster care case, indicate "Yes" in the first column of the table next to the name of the target child. It is essential that the target child be clearly identified for all foster care cases.
- Enter the race and ethnicity information as provided in the case file. If the child is of two or more races, list all that are provided in the case file (for example, White and Asian, or White and American Indian). If you learn during the course of the interviews that a child is of a different race or ethnicity than is noted in the file or is of two or more races and only one is noted in the file (for example, Non-Hispanic instead of Hispanic, or both White **and** American Indian), please change the race or ethnicity identification information presented to reflect the accurate information.
- Select from the following options for ethnicity: "Hispanic," "Non-Hispanic," "Unknown," and "Unable to Determine."
- Select from the following options for race:
 - American Indian or Alaska Native
 - Asiar
 - Black or African American
 - Native Hawaiian or Other Pacific Islander
 - White
 - Unknown or Unable to Determine
- Provide the date of birth for every child in the family, even if this is a foster care case.
- If the child is abandoned or the date of birth is otherwise unknown, enter an approximate date of birth. Use the 15th as the day of birth.

G2. Case Participant Table

Name	Role	Relationship to Child	Interviewed (Yes/No)

Table G2 Instructions:

- In the Name column, for both foster care and in-home services cases, enter the first and last names (first name first) of the key case participants whose participation in this case will be assessed in the instrument and other persons who were interviewed to provide relevant information.
- In the Role column, list one of the following options for each participant listed: Mother, Father, Caregiver, Foster Parent, Caseworker, Caseworker's Supervisor, Other. The same role may be indicated for more than one person (for example, a biological father may have the role of Father, and a stepfather may have the role of Father).
- In the Relationship to Child column, indicate how the person is involved in the case and/or related to the child. Indicate whether the person is/was living with the child and/or in a caregiving role. For example: boyfriend of (child name)'s mother, lives in the home; biological mother of (children's names) not living in the home, not a caregiver; legal father of (child's name), not living in the home.
- In the Interviewed column, note whether the person has been interviewed regarding the case.

Н.	Was this case opened for reasons other than child abuse and neglect?
н.	Was this case opened for reasons other than child abuse and neglect?

Yes □ No □

Question H Instruction:

Examples of cases opened for reasons other than child abuse or neglect include: (1) cases opened because of the child's behavior, including juvenile delinquency, substance abuse, or "child in need of supervision," and there were no maltreatment concerns in the family; or (2) cases opened because parents requested mental/behavioral health services for their child(ren).

/	//	<u>-</u>				
		. •	or the cases open	TOT SETVICES duffi	ig the period di	idei ieview:
I	What is the date	of the first case opening,	of the cases onen	for services duri	na the period w	ndar raviaw?

Question I Instructions:

- Using the MM/DD/YYYY format, enter the date on which the case was actually opened within the agency. Consider all cases that were open for services during the period under review, if there were multiple case openings. If the first case that was open during the period under review was opened before the period under review began, include it as the first case opening date for the period.
- If a child was on a trial home visit and returned to a foster care placement, the return to foster care is not considered a "case opening" unless the trial home visit was longer than 6 months and there was no court order extending the trial home visit beyond 6 months.
- If the family received in-home services before the removal of a child and placement of the child in foster care, and the case was not closed before placement, enter the date on which the case was opened for in-home services. The date of the child's removal from home will be captured in the next

question.	
J. What is the date of the child's most recent entry into foster care?	
NA □	
Question J Definition:	
"Entry into foster care" refers to a child's removal from his or her normal place of residence and placemer in a substitute care setting under the placement and care responsibility of the state or local title IV-B/IV-E agency. Children are considered to have entered foster care if the child has been in substitute care for 2 hours or more.	
Question J Instructions:	
 Using the MM/DD/YYYY format, enter the date of the child's most recent entry into foster care. If a child was on a trial home visit and returned to a foster care placement, the return is not considered an "entry into foster care" unless the trial home visit was longer than 6 months and there was no court order extending the trial home visit beyond 6 months. If the case is an in-home services case, J is Not Applicable. 	
K. What is the date of discharge from foster care for the most recent foster care episode?	
/ NA □ Not Yet Discharged □	
Question K Definition: "Discharge from foster care" is defined as the point when the child is no longer in foster care under the	
placement and care responsibility or supervision of the agency	

Question K Instructions:

- Using the MM/DD/YYYY format, enter the date of discharge from foster care for the most recent foster care episode.
- If a child returns home on a trial home visit and the agency retains responsibility or supervision of the child, the child should be considered discharged from foster care only if the trial home visit was longer than 6 months, and there was no court order extending the trial home visit beyond 6 months.
- If the child is in foster care but has not yet been discharged, select Not Yet Discharged.
- If the case is an in-home services case, K is Not Applicable.

Onsite Review Instrument: Face Sheet

What is the date of the most recent case closure during the period under review?						
/Cas	se not closed by time of review \square					
Question L Instructions:						
•	nt, enter the date on which the agency may not be the same as the discharge					
• If there were multiple case openings and closures during the period under review, indicate the date of the last case closure that occurred during the period.						
If the case is still open at the time of review, select "Case not closed by time of review."						
M. Why was/were the case(s) ope	ened for services?					
 □ Physical abuse □ Sexual abuse □ Emotional maltreatment □ Neglect (not including medical neglect) □ Medical neglect 	 □ Abandonment □ Mental/physical health of parent □ Mental/physical health of child □ Substance abuse by parent(s) □ Child's behavior □ Substance abuse by child 	 □ Domestic violence in child's home □ Child in juvenile justice system □ Other (specify) 				

Question M Instructions:

Indicate the reason(s) for case opening(s) by selecting all that apply. Consider all cases open during the period under review. The reason for case opening should be based on whatever information is available in the case record and from interviews that identifies why the agency opened the case. This would include the maltreatment type that was substantiated or resulted in case opening and it could also include other information that informed the agency's decision to open the case. If "other" was checked as a reason the case was opened for services, the circumstances and reason must be very clearly documented in the narrative.

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104–13)

Public reporting burden for this collection of information is estimated to average 8 hours per response, including the time for reviewing instructions, reading case files and conducting interviews, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

SECTION I: SAFETY

SAFETY OUTCOME 1: CHILDREN ARE, FIRST AND FOREMOST, PROTECTED FROM ABUSE AND NEGLECT.

Item 1: Timeliness of Initiating Investigations of Reports of Child Maltreatment

Purpose of Assessment: To determine whether responses to all accepted child maltreatment reports received during the period under review were initiated, and face-to-face contact with the child(ren) made, within the time frames established by agency policies or state statutes.

Item 1 Applicable Cases:

- Cases are applicable for an assessment of this item if an accepted child maltreatment report on any child in the family was received during the period under review. "Accepted" means that the report was assigned to the agency to conduct an assessment or investigation. This includes reports assigned for an "alternative response" assessment. Reports that are screened out are not considered "accepted." "Alternative response" refers to an agency's approach to addressing child maltreatment reports that meet agency criteria for acceptance but at the initial screening do not meet the agency's requirements for a mandated investigation. For example, the agency's policy may be that reports that appear to present low to moderate risk to the child may be referred for a family assessment, rather than an investigation. Under such a response, no determination of child maltreatment is made. The alternative response may include an assessment to determine the safety of the child(ren), the risk of maltreatment, and the family's strengths and needs. The assessment may lead the state agency to provide services to eliminate or lessen the safety concerns and maltreatment risks.
- Cases are Not Applicable for an assessment of this item if, during the period under review, there were
 no child maltreatment reports on any child in the family, or if a report was received on a child in the
 family but it was "screened out"; that is, not referred for an assessment or investigation.

Is this case applicable?

Select the appropriate response below.	If the response is N	o, rate the case as	s Not Applicable in	the ratings
section and continue to item 2.				

Yes □	No □
Optional: Provide	comments in the narrative field below:

A1. Reports Table

Report Date	Name of Child	Allegation	Priority Level, If Applicable	Assessment or Investigation	Date Assigned for an Investigation or Assessment	Date Investigation or Assessment Initiated	to-Face	Relationship of Alleged Perpetrator to Child	Disposition

Table 1A1 Instructions:

- Complete the table for all accepted reports received during the period under review.
- Reviewers should list reports by date, per child, and per allegation (for each perpetrator). If the same child had multiple allegations that resulted in separate dispositions, each allegation should be indicated in a separate row in the table so that the disposition can be noted for each allegation. If multiple allegations received the same disposition, all allegations may be indicated in the same row.
- If the state has policies outlining different priority levels for reports, indicate the priority level that was assigned.
- Indicate whether the report was assigned for an investigation or referred for an assessment.
- The date assigned for an investigation or assessment is the date the report is assigned to a specific worker to conduct the investigation or assessment. If the report was not assigned, the reviewer documents the date assigned as "Did not occur."
- The date the investigation or assessment was initiated is the date on which the agency made the first attempt to contact the family.

 Reviewers should include the date on which the investigation/assessment was initiated per state policy, or if no state policy exists, reviewers should include the date when contact with the family was first attempted. If the investigation or assessment was not initiated or face-to-face contact with the child did not occur, the reviewer documents these dates as "Did not occur."
- In the last column, report the disposition of the case. If the case was investigated, indicate whether the report was "Substantiated" or "Not Substantiated" (this may be documented in the record as "founded" or "unfounded," or "indicated" or "not indicated"). If the investigation has not been completed as of the time of review, indicate "Investigation Pending." If the case was referred for an assessment, indicate whether it was "opened for services" or "not opened for services." If the assessment has not yet been completed, indicate "Assessment Still Pending."

Question 1A and B Instructions

When tallying the number of reports in responding to questions A and B, reviewers should not count
each allegation or child as a separate report, but rather consider the date of the report as a distinct
report made to the agency.

A. In how many of the reports listed in the table was the investigation or assessment NOT initiated in accordance with the state's time frames and requirements for a report of that priority?
B. In how many of the reports in the table was face-to-face contact with the child(ren) who is (are) the subject of the report NOT made in accordance with the state's time frames and requirements for a report of that priority?
C. For all reports identified in A and B, were the reasons for the delays due to circumstances beyond the control of the agency?
Yes No NA NA
Explain the reason for any delays related to reports identified in A and B in the narrative field below.

Question 1C Instructions:

- If the answers to both questions A and B are zero, the answer to question C should be Not Applicable.
- Delays in services provided by organizations or agencies under contract with the agency would
 not be considered to be beyond the control of the agency. However, where services are provided
 by another public state or local agency, such as law enforcement, the actions of these agencies
 may be beyond the control of the child welfare agency.

Item 1 Rating Criteria:

Item 1 should be rated as a Strength if either of the following applies:

- The answers to A and B are zero.
- The answers to A or B are greater than zero, but the answer to C is Yes.

Item 1 should be rated as an Area Needing Improvement if the following applies:

• The answer to A or B is greater than zero, and the answer to C is No.

Item 1 should be rated as Not Applicable if the response to the question of applicability is No.

item i snould be ra	ted as Not Applicable if the respons	e to the question of applicability is No.
Item 1 Rating (selec	ct one):	
Strength	Area Needing Improvement □	NA □
•	al comments that highlight strengths or esources that affected this item in the	r challenges related to specific practices, narrative field below:

RATING SAFETY OUTCOME 1

SAFETY OUTCOME 1: CHILDREN ARE, FIRST AND FOREMOST, PROTECTED FROM ABUSE AND NEGLECT.

What is the level of outcome achievement that best describes the extent to which this outcome is being or has been achieved, based on the rating for Item 1?

Instructions:

Safety	Outcome 1	I should be rate	ed as Substantially	v Achieved if the	e following applies:

• Item 1 is rated as a Strength.

Safety Outcome 1 should be rated as Not Achieved if the following applies:

• Item 1 is rated as an Area Needing Improvement.

Safety Outcome 1 should be rated as Not Applicable if the following applies:

Item 1 is rated as Not Applicable.
 Select the appropriate response:
 Substantially Achieved Not Achieved NA

SAFETY OUTCOME 2: CHILDREN ARE SAFELY MAINTAINED IN THEIR HOMES WHENEVER POSSIBLE AND APPROPRIATE.

Item 2: Services to Family to Protect Child(ren) in the Home and Prevent Removal or Re-Entry Into Foster Care

Purpose of Assessment: To determine whether, during the period under review, the agency made concerted efforts to provide services to the family to prevent children's entry into foster care or re-entry after a reunification.

Item 2 Applicable Cases: In the list of criteria below, check Yes for any that apply and No for any that do not apply. A case is applicable for an assessment of this item if it meets at least one of the following criteria:

It is an in-home services case and the reviewer determines that there are concerns regarding the safety of at least one child in the family during the period under review. Yes □ No □
It is an in-home services case and services were provided for children at risk of foster care placement to
remain safely in their homes. Yes ☐ No ☐ It is a foster care case and the child entered foster care during the period under review due to safety concerns. Yes ☐ No ☐ It is a foster care case and the child was reunified during the period under review or was returned home on
a trial basis, and the reviewer determines that there are concerns regarding the safety of that child in the home. Yes □ No □
It is a foster care case, and although the target child entered foster care before the period under review and remained in care for the entire period under review, there are other children in the home and the reviewer determines that there are concerns regarding the safety of those children during the period under review. Yes No No
However, a case is not applicable for an assessment of this item if it meets the following criterion, even if the case is applicable based on the criteria above:
Only a safety plan was needed to ensure the child(ren)'s safety and no safety-related services were necessary based on the circumstances of the case. (In this situation, Item 2 would be Not Applicable and the safety plan would be assessed in Item 3.) Yes No No
s this case applicable? Select the appropriate response below. If the response is No, rate the case as Not Applicable in the ratings section and continue to Item 3.
Yes □ No □
Optional: Provide comments in the narrative field below:
A. For the period under review, did the agency make concerted efforts to provide or arrange for appropriate services for the family to protect the children and prevent their entry into foster care or re-entry into foster care after a reunification? (Be sure to assess the entire period under review.)
Yes □ No □
f No, explain circumstances in the narrative field below.

Question 2A Definitions:

- "Appropriate services," for the purposes of Item 2, are those that are provided to, or arranged for, the family with the explicit goal of ensuring the child's safety. Examples include: (1) if there are safety issues in the home due to environmental hazards, homemaking services could be an appropriate safety-related service; (2) if there are safety concerns related to the parent's ability to manage specific child needs or child behaviors, intensive in-home services could be an appropriate safety-related service; (3) child care services could be a safety-related service in cases where the child was being cared for in an unsafe setting or by an inappropriate caregiver; and (4) if there are safety concerns related to parental substance abuse, substance abuse treatment could be an appropriate safety-related service. In most cases a child's need for mental health services, education-related services, or services to address health issues, would not be considered relevant to the child's safety if the child remained in the home. The agency's efforts to meet those service needs are assessed in other items.
- "Concerted efforts," for the purposes of Item 2, refers to facilitating a family's access to needed services and working to engage the family in those services.

Question 2A Instructions:

- In answering question A, focus only on whether the agency made concerted efforts to provide appropriate and relevant services to the family to address the safety issues in the family so that the child could remain safely in the home or would not re-enter foster care after reunification. Concerns about monitoring service participation and safety planning and assessment of progress made will be captured in Item 3.
- If the agency removed the child from the home without making concerted efforts to provide services, the answer to question A should be No, even if the agency determined that it was necessary to remove the child for safety reasons. This issue will be addressed in question B.

•	•	ler review, any child was removed from the home without providing or arranging ecessary to ensure the child's safety?
Yes □	No □	NA □
If No, explain a	any concerns in	the narrative field below.

Question 2B Instructions:

- If the answer to question A is Yes, but, after making efforts to provide services, the child was removed from the home during the period under review due to unmanageable safety concerns, the answer to question B should be Not Applicable.
- If the child was not removed from the home during the period under review, the answer to question B should be Not Applicable.
- Focus on whether the circumstances of the case and of the removal suggest that services would not
 have been able to ensure the child's safety if the child remained in the home. If the information
 indicates that it was necessary to remove the child immediately to ensure the child's safety, the answer
 to question B should be Yes. If the information indicates that services could have been provided to
 prevent removal but the child was removed without providing those services, this question should be
 answered No.
- If services should have been offered to protect the child, but were not because those services were not available in the community, the answer to question B should be No.

Item 2 Rating Criteria:

This item should be rated as a Strength if either of the following applies:

- The answer to question A is Yes, and the answer to question B is Not Applicable.
- The answer to question A is No, and the answer to question B is Yes.

This item should be rated as an Area Needing Improvement if either of the following applies:

- The answer to question A is No, and the answer to question B is No.
- The answer to question A is No, and the answer to question B is Not Applicable.

Item 2 should be	rated as Not Applicable if the resp	onse to the question of applicability is No.
Item 2 Rating (se	lect one):

SAFETY OUTCOME 2: CHILDREN ARE SAFELY MAINTAINED IN THEIR HOMES WHENEVER POSSIBLE AND APPROPRIATE.

Item 3: Risk and Safety Assessment and Management

Purpose of Assessment: To determine whether, during the period under review, the agency made concerted efforts to assess and address the risk and safety concerns relating to the child(ren) in their own homes or while in foster care.

Item 3 Applicable Cases: All cases are applicable for an assessment of this item.

nom o Apphousic Guesc. All Guesc are apphousic for all decoderment of this form
A1. Did any of the following concerns exist during the period under review?
 There were maltreatment allegations about the family but they were never formally reported or formally investigated/assessed. Yes No There were maltreatment allegations that were not substantiated despite evidence that would support substantiation. Yes
A. If the case was opened during the period under review, did the agency conduct an initial assessment that accurately assessed all risk and safety concerns for the target child in foster care and/or any child(ren) in the family remaining in the home?
Yes □ No □ NA □
If No, explain any concerns in the narrative field below.
Questions 3A and 3B Definitions:
"Risk" is defined as the likelihood that a child will be maltreated in the future.
An assessment of safety is made to determine whether a child is in a safe environment. A safe environment is one in which there are no threats that pose a danger or, if there are threats, there is a responsible adult in a caregiving role who demonstrates sufficient capacity to protect the child.
"Target child" is defined as the child in a foster care case who is the subject of the case.
Questions 3A and 3B Instructions:
For foster care cases, questions A and B should be answered for the target child in foster care and any children remaining in the home.
 For in-home services cases, questions A and B should be answered for all children in the home. In responding to questions A and B, consider any concerns selected in 3A1.
 Question A should be answered Not Applicable if the case was opened before the period under review, unless the initial assessment related to the case opening was pending or completed during the period under review.
B. During the period under review, did the agency conduct ongoing assessments that accurately assessed all of the risk and safety concerns for the target child in foster care and/or any child(ren) in the family remaining in the home?
Yes □ No □ NA □

Section I: Safety Outcome 2
If No, explain any concerns in the narrative field below.
Question 3B Instructions:
 In responding to question B, determine whether ongoing assessments (formal or informal) were conducted during the period under review. If the agency conducted an initial assessment of risk and safety at the onset of the case, but did not assess for risk and safety concerns on an ongoing basis and at critical times in the case (for example, when there were new allegations of abuse or neglect, changing family conditions, new people coming into the family home or having access to the children, changes to visitation, upon reunification, or at case closure) then the answer to question B should be No.
• Note that in some cases that were opened during the period under review, the issue of ongoing assessments may not be relevant because the case was opened for a very short period of time (for example, if the case was opened shortly before the end of the period under review and during the initial assessment the agency determined that there were no risk or safety concerns, then it may be reasonable to conclude that the agency would not have conducted a second risk and safety assessment during the period under review). If the case was opened during the period under review and you believe that ongoing assessments were not necessary given the time frame and circumstances of the case, question B may be answered Not Applicable.
 If a case was closed during the period under review, determine whether the agency conducted a risk and safety assessment before closing the case. If not, the answer to question B should be No.
C. During the period under review, if safety concerns were present, did the agency: (1) develop an appropriate safety plan with the family and (2) continually monitor and update the safety plan as needed, including monitoring family engagement in any safety-related services?
Yes □ No □ NA □
If No, explain any concerns in the narrative field below.

Question 3C Definition:

"Safety plan" refers to a plan that describes strategies developed by the agency and family to ensure that the child(ren) is (are) safe. Safety plans should address (1) safety threats and how those will be managed and addressed by the caregiver, (2) caregiver capacity to implement the plan and report safety issues to the agency, and (3) family involvement in implementation of the plan. Safety plans may be separate from or integrated into the case plan.

Question 3C Instructions:

- Question C is applicable to all in-home services cases and to foster care cases in which there are other
 children remaining in the family home, and/or the target child in foster care returned home during the period
 under review. For in-home cases in which children are placed temporarily with alternative caregivers to
 ensure safety, reviewers should consider that as a safety plan to be assessed in question C.
- Question C should be answered Not Applicable if the reviewer determines that during the period under review there were no apparent safety concerns for any child in the family home.

D1. apply:	ndicate whether any safety-related incidents occurred during the period under review. Select all that

Question 3F Instructions:

- Answer Not Applicable if this is not a foster care case.
- Answer No if no unaddressed concerns were noted in F1.
- Answer Yes if you determine that, during the period under review, the child was in at least one foster
 care placement in which he or she was unsafe, and appropriate action was not taken (such as
 providing closer monitoring of the placement, placing fewer children in the home, providing services
 to address potential problems or existing problems, or finding a more appropriate placement). If any
 concerns are selected in F1, question F should be answered Yes.

Item 3 Rating Criteria

Item 3 should be rated as a Strength if the following applies:

- · Questions A and B are both answered Yes, or
- The answer to either A or B is Yes and the other is Not Applicable, and
- The answer to question C is either Yes or Not Applicable, and
- The answers to questions D, E, and F are either No or Not Applicable.

Item 3 should be rated as an Area Needing Improvement if the following applies:

- The answer to any one of questions A, B, or C is No, and/or
- The answer to any one of questions D, E, or F is Yes.

RATING SAFETY OUTCOME 2

SAFETY OUTCOME 2: CHILDREN ARE SAFELY MAINTAINED IN THEIR HOMES WHENEVER POSSIBLE AND APPROPRIATE.

What is the level of outcome achievement that best describes the extent to which this outcome is being or has been achieved, based on the ratings for Items 2 and 3?

Instructions:

instructions:					
Safety Outcome 2 should be rated as Substantially Achieved if either of the following applies:					
A. Items 2 and 3 are rated as Strengths.					
B. Item 2 is rated as Not Applicable and Item 3 is rated as a Strength. Safety					
Outcome 2 should be rated as Partially Achieved if the following applies:					
C.One of the two items is rated as a Strength and the other as an Area Needing Improvement.					
Safety Outcome 2 should be rated as Not Achieved if either of the following applies:					
D. Items 2 and 3 are rated as Areas Needing Improvement.					
E. Item 2 is rated as Not Applicable and Item 3 is rated as an Area Needing Improvement.					
Select the appropriate response:					
Substantially Achieved ☐ Partially Achieved ☐ Not Achieved ☐					

SECTION II: PERMANENCY

PERMANENCY OUTCOME 1: CHILDREN HAVE PERMANENCY AND STABILITY IN THEIR LIVING SITUATIONS.

Item 4: Stability of Foster Care Placement

Purpose of Assessment: To determine whether the child in foster care is in a stable placement at the time of the onsite review and that any changes in placement that occurred during the period under review were in the best interests of the child and consistent with achieving the child's permanency goal(s).

Item 4 Applicable Cases: All foster care cases are applicable for an assessment of this item.

A1. Placement Table

Placement Date	Placement Type	Reason for Change in Placement Setting

Table 4A1 Definitions and Instructions:

Complete the placement table. Begin with the child's placement setting at the onset of the period under review, or if the child entered foster care during the period under review, begin with the first placement setting at entry into foster care. If there was only one placement setting, complete only the first two columns of the first row.

Select from the following options for placement type. Definitions for each placement type are provided:

- Pre-Adoptive Home—A home in which the family intends to adopt the child. The family may or may not be receiving a foster care payment or an adoption subsidy on behalf of the child.
- Foster Family Home (Relative)—A licensed or unlicensed home of the child's relatives regarded by the title IV-E agency as a foster care living arrangement for the child.
- Foster Family Home (Non-Relative)—A licensed foster family home regarded by the title IV-E agency as a foster care living arrangement.
- Group Home—A licensed or approved home providing 24-hour care for children in a small group setting that generally has from seven to twelve children.
- Institution—A child care facility operated by a public or private agency and providing 24-hour care and/or treatment for children who require separation from their own homes and group living experience. These facilities may include child care institutions, residential treatment facilities, maternity homes, etc.
- Supervised Independent Living—An alternative transitional living arrangement where the child is under the supervision of the agency but without 24-hour adult supervision, is receiving financial support from the child welfare agency, and is in a setting that provides the opportunity for increased responsibility for self-care.
- Other—A licensed or unlicensed placement setting that is not included in the list of placement types
 considered for this item AND is not one of the placement settings that should not be counted as a
 placement per Table 4A1 Instructions, such as runaway or respite care. Examples include a child's
 placement in a hotel or agency office.

Select from the following options for reason for change in placement setting:

- NA. This is the current placement.
- Move to an adoptive or permanent guardian's home
- Move from a more restrictive to a less restrictive placement
- Move from a less restrictive to a more restrictive placement
- Move to a relative placement
- Move that brings the child closer to family or other important connections
- Move to a temporary placement while awaiting a more appropriate placement
- Move due to foster parent's request

•	Other	(describe)	
---	-------	------------	--

A. How many placement settings did the child experience during the period under review?

Question 4A Definitions:

- "Placement setting" refers to a physical setting in which a child resides while in foster care under the
 placement and care responsibility of the agency. A new placement setting would result, for example,
 when a child moves from one foster family home to another or to a group home or institution. If,
 however, a foster family with whom a child is placed moves and the child moves with them, this does
 not constitute a change in placement.
- "Entry into foster care" refers to a child's removal from his or her normal place of residence and
 placement in a substitute care setting under the placement and care responsibility of the state or local
 title IV-B/IV-E agency. Children are considered to have entered foster care if the child has been in
 substitute care for 24 hours or more.
- "Current episode of foster care" refers to a child's current stay in foster care based on the most recent removal of the child from his or her normal place of residence, resulting in his or her placement in a foster care setting and ending upon the child's discharge from foster care.

Question 4A Instructions:

- If there were multiple episodes of foster care during the period under review, add up the placement settings within each episode. If there is a re-entry into foster care and the child is placed in a different placement setting at the time of re-entry, then it would count as a new placement setting. If the child returns to the placement setting he or she was in before the return home, then it would not count as a new placement setting.
- Do not consider the following as placement settings: (1) a trial home visit; (2) a runaway episode; (3) temporary absences from the child's ongoing foster care placement, including visitation with a sibling, relative, or other caretaker (for example, pre-placement visits with a subsequent foster care provider or pre-adoptive parents); (4) hospitalization for medical treatment, acute psychiatric episodes, or diagnosis; (5) respite care; (6) day or summer camps; and (7) locked facilities (for example, when a youth is held in detention).

	•	anges during the period under review planned by the agency in an effort to s or to meet the needs of the child?
Yes □	No □	NA □

Question 4B Instructions:

- If the response to question A is one (1), then the response to question B should be Not Applicable. If the single placement is not stable, that information will be collected in question C.
- Placement changes that reflect agency efforts to achieve case goals include moves from a foster home
 to an adoptive home, moves from a more restrictive to a less restrictive placement, moves from nonrelative foster care to relative foster care, and moves that bring the child closer to family or community.
- Placement changes that do not reflect agency efforts to achieve case goals include moves due to
 unexpected and undesired placement disruptions; moves due to placing the child in an inappropriate
 placement (that is, moves based on mere availability rather than on appropriateness); moves to more
 restrictive placements when this is not essential to achieving a child's permanency goal or meeting a
 child's needs; temporary placements while awaiting a more appropriate placement; and practices of
 routinely placing children in a particular placement type, such as shelter care, upon initial entry into
 foster care regardless of individual needs.
- If ALL placement changes during the period under review reflect planned agency efforts to achieve the child's case goals or meet the needs of the child, then the answer to question B should be Yes.
- If any single placement change that occurred during the period under review was for a reason other than agency efforts to achieve case goals or to meet the child's needs, the answer to question B should be No.
- Placement changes that occur as a result of unexpected circumstances that are out of the control of the
 agency (such as the death of a foster parent or foster parents moving to another state) can be
 considered similar to those that reflect agency efforts to achieve case goals for purposes of question B.

C1. Indicate whether any of the circumstances below apply to the child's current placement. Select all that

☐ None apply, placement is stable.	
☐ The child's current placement is in a temporary shelter or other temporary setting.	
There is information indicating that the child's current substitute care provider may not be able to continue to care for the child.	
☐ There are problems in the current placement threatening its stability that the agency is not addressing.	
The child has run away from this placement more than once in the past, or is in runaway status at the time of the review.	
☐ Other (describe reasons why the current placement is not stable):	
C. Is the child's current placement setting (or most recent placement if the child is no longer in foster care) stable?	
Yes □ No □	
Question 4C Instruction:	
If any of the circumstances in C1 apply to the child's current placement, the answer to question C should be No.	

apply:

Item 4 Rating Criteria:

Item 4 should be rated as a Strength if either of the following applies:

- The answer to question A is one (1), the answer to question B is Not Applicable, and the answer to question C is Yes.
- The answer to question A is greater than one (1), but the answers to questions B and C are Yes.

Item 4 should be rated as an Area Needing Improvement if either of the following applies:

- The answer to question A is one (1), but the answer to question C is No.
- The answer to question A is greater than one (1), and the answer to question B and/or C is No. Item 4 Rating (select one):

PERMANENCY OUTCOME 1: CHILDREN HAVE PERMANENCY AND STABILITY IN THEIR LIVING SITUATIONS.

Item 5: Permanency Goal for Child

Purpose of Assessment: To determine whether appropriate permanency goals were established for the child in a timely manner.

Item 5 Applicable Cases: All foster care cases are applicable for assessment of this item, unless the child has not been in foster care long enough (at least 60 days) for the agency to have developed a case plan and established a permanency goal. If the child has been in foster care for less than 60 days, but a permanency goal has been established, the case is applicable for assessment.

Select the app and continue t	oropriate response. If the response is No, rate the item as Not Applicable in the rating section o Item 6.
Yes □	No □
Optional: Prov	ride comments in the narrative field below:

A1. Permanency Goal Table

Is this case applicable?

Permanency Goal	Date Estab- lished	Time in Foster Care Before Goal Established	Date Goal Changed	Reason for Goal Change

Table 5A1 Definitions:

Permanency goals are defined as follows:

- A goal of reunification is defined as a plan for the child to be discharged from foster care to his or her parents or primary caretaker.
- A goal of guardianship is defined as a plan for the child to be discharged from foster care to a legally
 established custody arrangement with an individual that is intended to be permanent. This could include
 permanent placement with a relative.
- A goal of adoption is defined as a plan for the child to be discharged from foster care to the care and custody of adoptive parents through a legal adoption.
- A goal of other planned permanent living arrangement refers to a situation in which the agency maintains placement and care responsibility for, and supervision of, the child, and places the child in a setting in which the child is expected to remain until adulthood. Examples of these "permanent" living arrangements include situations where foster parents have made a formal commitment to care for the child until adulthood, the child is with relatives who plan to care for the child until adulthood, the child is in a long-term care facility to meet special needs and will be transferred to an adult facility at the appropriate time, the child is an older adolescent in a stable group home and both the group home directors and the child have agreed that it will be the child's placement until adulthood, or the child is in agency-supervised transitional living.

Table 5A1 Instructions:

Complete the table for each of the permanency goals in place during the period under review. Begin with the child's first permanency goal in place during the period under review, and end with the current or latest permanency goal or goals. If no permanency goal is specified in the case file, but the caseworker indicates that a permanency goal has been established reviewers should consider that goal. If two concurrent permanency goals have been established and are identified in the case plan, identify both goals in the table.

AZ. V	What is (are) the child's current permanency goal(s)? (If concurrent permanency goals have been
establi	shed in the case plan, identify both goals.) Or, if the case was closed during the period under review,
what w	as the permanency goal before the case was closed?
Perma	nency Goal 1:
	•

A3. Is (are) the child's permanency goal(s) specified in the case file?

Permanency Goal 2 (if applicable):

Yes □ No □ NA □

Question 5A3 Instructions:

- If the child has been in foster care less than 60 days and the goal is not specified in the case file, A3 should be answered NA.
- If the permanency goal(s) is (are) not specified anywhere in the case file, such as in the case plan or in a court order, then the answer to question A3 should be No.

B. man		e all the pe	ermanency goals that were in effect during the period under review established in a timely
Yes		No □	NA □
If No	, expl	ain any co	ncerns in the narrative field below.

•	If on	e of the go	pals is other planned permanent living arrangement and the reviewer determines that the

goal was established without a thorough consideration of other permanency goals, then the answer to

question C should be No.

Section II: Permanency Outcome 1 D. Has the child been in foster care for at least 15 of the most recent 22 months? Yes 🗖 No □ **Question 5D Instruction:** In answering question D, begin the "count" with the date of the judicial finding of child abuse and neglect (usually the adjudicatory hearing) or 60 days after the child's entry into foster care, whichever is earlier. If the child had multiple episodes in care over the past 22 months, the determination of whether the child had been in care for at least 15 months should be calculated cumulatively over the episodes in foster care during the past 22 months from the review date. Trial home visits and runaway episodes are not included when calculating 15 out of 22 months in foster care. Question 5D applies to all children in foster care regardless of adjudication type. E. Does the child meet other Adoption and Safe Families Act criteria for termination of parental rights? Yes 🗖 NA \square No \square Question 5E Definitions: The Adoption and Safe Families Act requires an agency to seek termination of parental rights when the child has been in care for at least 15 of the most recent 22 months, or a court of competent jurisdiction has determined that: The child is an abandoned infant, or The child's parents have been convicted of one of the felonies designated in Section 475(5)(E) of the Social Security Act: (1) committed murder of another child of the parent; (2) committed voluntary manslaughter of another child of the parent; (3) aided or abetted, attempted, conspired, or solicited to commit such a murder or such a voluntary manslaughter; or (4) committed a felony assault that resulted in serious bodily injury to the child or another child of the parent.

Question 5E Instructions:

- If the answer to question D is Yes, the answer to question E should be Not Applicable.
- Question E must be answered if the answer to question D is No.
- If any of the conditions noted above apply to the case under review, question E should be answered Yes.

Yes □	No □	NA □	

Question 5F Instructions:

- If the answers to both questions D and E are No, the answer to question F should be Not Applicable.
- Review the case file for evidence of petitioning for termination of parental rights. If there is no evidence of this in the file, then ask the caseworker for documentation regarding petitioning for termination of parental rights. If there is no evidence in the file or other documentation, then question F should be answered No.
- Answer 5F as Not Applicable if both parents were either deceased or relinquished parental rights prior to the 15/22-month time frame.

G1. Indicate whether any of the following exceptions to the termination of parental rights requirement apply.
NA 🗖
(1) At the option of the state, the child is being cared for by a relative at the 15/22-month time frame.
Yes □ No□
(2) The agency documented in the case plan a compelling reason for determining that termination of parental rights would not be in the best interests of the child.
Yes □ No□
(3) The state has not provided to the family the services that the state deemed necessary for the safe return of the child to the child's home.
Yes □ No□
Question 5G1 Instruction:
If the answer to question F is Yes or Not Applicable, then question G1 should be answered Not Applicable.

Question 5G Instructions:

- If the answer to question F is Yes or Not Applicable, then question G should be answered Not Applicable.
- If any answers to G1 are yes, question G should be answered Yes.
- If, during an interview, the caseworker provides a compelling reason for not seeking termination of parental rights, but cannot provide any documentation, then question G should be answered No.

Item 5 Rating Criteria:

Item 5 should be rated as a Strength if any one of the following criteria apply:

- The answers to questions A3, B, and C are Yes or NA, and the answers to questions D and E are No.
- The answers to questions A3, B, and C are Yes or NA, and D and F are Yes.
- The answers to questions A3, B, and C are Yes or NA, the answer to question D is No, and the answers to questions E and F are Yes.
- The answers to questions A3, B, and C are Yes or NA, the answer to question D or E is Yes, the answer to question F is No, and the answer to question G is Yes.

Item 5 should be rated as an Area Needing Improvement if any of the following apply:

- The answer to question A3, B, or C is No.
- The answers to questions A3, B, and C are Yes or NA, but the answer to question D or E is Yes, and the answers to questions F and G are No.

PERMANENCY OUTCOME 1: CHILDREN HAVE PERMANENCY AND STABILITY IN THEIR LIVING SITUATIONS.

Item 6: Achieving Reunification, Guardianship, Adoption, or Other Planned Permanent Living Arrangement

Purpose of Assessment: To determine whether concerted efforts were made, or are being made, during the period under review to achieve reunification, guardianship, adoption, or other planned permanent living arrangement.

	Item (6 Applicable	Cases: All	foster of	care cases	are ap	plicable	for this item
--	--------	--------------	------------	-----------	------------	--------	----------	---------------

A1.	What is the	date of the	child's	most	recent	entry	into	foster	care?
-----	-------------	-------------	---------	------	--------	-------	------	--------	-------

_____/____

Question 6A1 Definition and Instruction:

- "Entry into foster care" refers to a child's removal from his or her normal place of residence and placement in a substitute care setting under the placement and care responsibility of the state or local title IV-B/IV-E agency. Children are considered to have entered foster care if the child has been in substitute care for 24 hours or more.
- Using the MM/DD/YYYY format, enter the date of the child's most recent entry into foster care. This date should be the same as the date provided in section J on the Face Sheet.

A2.	What is the	time in care	(in months)	at the time	of the onsite	review?
-----	-------------	--------------	-------------	-------------	---------------	---------

Question 6A2 Instruction:

Enter the number of months that the child was in foster care, from (1) the date of the most recent entry into foster care to the date the case is being reviewed, or (2) from the date of the most recent entry into foster care to the time of discharge.

A3.	What is the date the child discharged from foster care?
□ NA	

Question 6A3 Definition and Instruction:

- "Discharge from foster care" is defined as the point when the child is no longer in foster care under the
 placement and care responsibility or supervision of the agency. If a child returns home on a trial home
 visit and the agency retains responsibility or supervision of the child, the child is not considered
 discharged from foster care unless the trial home visit is longer than 6 months and there was no court
 order extending the trial home visit beyond 6 months.
- Using the MM/DD/YYYY format, enter the date the child discharged from foster care. This date should be the same as the date provided in section K on the Face Sheet. If the child was not discharged, select Not Applicable.

A4. What is (are) the child's current permanency goal(s)? (If concurrent permanency goals have been established in the case plan, identify both goals.) Or, if the case was closed during the period under review, what was the permanency goal before the case was closed?						
Reunification	Reunification Guardianship Adoption Other planned permanent living arrangement					
Question 6A4 Ir	nstructions:					
applicable, refer the child's perma	If item 5 was completed, select the same goal or goals identified in question 5A2. If item 5 was not applicable, refer to the definitions and instructions provided for the table in item 5A1 in order to determine the child's permanency goal(s). For cases in which the child has been in foster care less than 60 days and no goal is documented, inquire with the caseworker about what the goal is (in most cases it should be reunification).					
B. During the p in a timely manner		the agency and c	ourt make concerted efforts to achieve permanency			
Yes □ No □	NA 🗖					
If No, explain any	concerns in the narrativ	re field below:				

Questions 6B and 6C Instructions:

- If concurrent goals are in place and one of the goals has been, or will likely be, achieved in a timely manner, answer question B OR C based on the goal that has been or will be achieved.
- If concurrent goals are in place (neither of which is other planned permanent living arrangement) but permanency will not be achieved in a timely manner, answer question B No and indicate in the documentation specific barriers to implementing concurrent planning.
- If concurrent goals are in place and one of the goals is other planned permanent living arrangement but neither goal will be achieved in a timely manner, answer questions B and C No and indicate in the documentation specific barriers to implementing concurrent planning.

Question 6B Instructions:

- If the current or most recent goal for the child during the period under review was other planned permanent living arrangement, and no other concurrent goals were in place, select Not Applicable.
- In determining a response to question B, consider the time the child has been in foster care as well as agency and court efforts. The following time frames for achievement should be considered for each goal:

Reunification: 12 monthsGuardianship: 18 months

Adoption: 24 months

- If the child has been in foster care for more than the suggested time frame (12, 18, or 24 months, depending on the goal) and the goal has not yet been achieved, then the answer to question B should be No, unless there are particular circumstances that justify the delay. For example:
 - The permanency goal of reunification has been in place for longer than 12 months, but the child was physically returned to the parents during or before the 12th month and remained at home on a trial home visit beyond the 12th month. If you determine that the length of time that the child spent in out-of-home care and on the trial home visit was reasonable given the child and family circumstances, then the item may be rated as a Strength even though the child was not discharged from foster care until after the 12th month.
 - The permanency goal of adoption has been in place for longer than 24 months but there is evidence that the agency has made concerted efforts to find an adoptive home for a child with special needs although an appropriate family has not yet been found, or a pre-adoptive placement disrupted despite concerted efforts on the part of the agency to support it.
- If you determine that the agency and court could have achieved the permanency goal before the
 suggested time frame, but there was a delay due to lack of concerted efforts on the part of the agency or
 court during the period under review, then the answer to question B should be No even if the child
 achieved the goal within the suggested time frame.

C1. If the child's current (or most recent) permanency goal is (was) other planned permanent living arrangement, what is (was) the child's permanent living arrangement?
□ NA
☐ Placement with a non-relative foster parent until age of majority or extended age
☐ Placement with a specified relative in foster care until age of majority or extended age
☐ Placement in a longer-term facility until transition to an adult care facility
 Placement in an independent living program/supervised independent living until age of majority or extende age
□ Other

Question 6C1 Instructions:

- If the child's current (or most recent) permanency goal was not other planned permanent living arrangement, select Not Applicable.
- If the child's current (or most recent) permanency plan is other planned permanent living arrangement, select the response that describes the permanent living arrangement for the child.
- If the child does not have a permanent living arrangement specified, indicate that in "Other."
- If the child has an arrangement that does not fit any of the options noted in C1, describe it in "Other."
- If the goal for the child is noted as "emancipation/independent living" without a permanent placement specified, indicate that in "Other."

C2. For a child with a goal of other planned permanent living arrangement during the period under review, what is the date of documentation regarding "permanency" of the child's living arrangements?
NA
Question 6C2 Definition and Instructions:
 If the child's permanency goal is not other planned permanent living arrangement, select Not Applicable. The date of documentation regarding "permanency" is the date on which there was a court order, signed agreement, or other method to formalize that the caretaker or a particular facility would provide care for this child until the child reaches adulthood. If there is no documentation regarding "permanency" of the child's living arrangement, select "No Date." Using the MM/DD/YYYY format, enter the date of documentation regarding "permanency."
C. For a child with a goal of other planned permanent living arrangement during the period under review, did the agency and court make concerted efforts to place the child in a living arrangement that can be considered permanent until discharge from foster care?
Yes □ No □ NA □
If No, explain any concerns in the narrative field below:
Question 6C Instructions:

- If the child's only goal during the period under review was reunification, guardianship, or adoption, select Not Applicable.
- Consider the child's current living arrangement and whether formal steps were completed to make this arrangement permanent.
- This might include the agency asking foster parents or relatives to agree to and sign a long-term care commitment, or ensuring that a child who is in a long-term care facility to meet special needs will be transferred to an adult facility at the appropriate time.
- If the child is no longer in foster care, then the answer to question C should be based on the child's last placement before leaving foster care.

Item 6 Rating Criteria:

Item 6 should be rated as a Strength if the answer to either question B or C is Yes

Item 6 should be rated as an Area Needing Improvement if the answer to question B and/or C is No.			
Item 6 Rating (select one):

RATING PERMANENCY OUTCOME 1

PERMANENCY OUTCOME 1: CHILDREN HAVE PERMANENCY AND STABILITY IN THEIR LIVING SITUATIONS.

What is the level of outcome achievement that best describes the extent to which this outcome is being or has been achieved, based on the ratings for Items 4, 5, and 6?

Instructions:

Permanency Outcome 1 should be rated as Substantially Achieved if either of the following applies:

- Items 4, 5, and 6 are rated as Strengths
- Items 4 and 6 are rated as Strengths and Item 5 is rated as Not Applicable

Permanency Outcome 1 should be rated as Partially Achieved if the following applies:

• At least one of Items 4, 5, or 6 is rated as a Strength.

Permanency Outcome 1 should be rated as Not Achieved if either of the following applies:

- All of Items 4, 5, and 6 are rated as Areas Needing Improvement.
- Items 4 and 6 are rated as Areas Needing Improvement and Item 5 is rated as Not Applicable.

Select the appropriate response:			
Substantially Achieved □	Partially Achieved	Not Achieved □	

PERMANENCY OUTCOME 2: THE CONTINUITY OF FAMILY RELATIONSHIPS AND CONNECTIONS IS PRESERVED FOR CHILDREN.

Item 7: Placement With Siblings

Purpose of Assessment: To determine whether, during the period under review, concerted efforts were made to ensure that siblings in foster care are placed together unless a separation was necessary to meet the needs of one of the siblings.

Item 7 Applicable Cases

Cases applicable for an assessment of this item include all foster care cases in which the child has one or more siblings who are (or were) also in foster care during the period under review. If the child has no siblings in foster care during the period under review, the case is Not Applicable for an assessment of this item. For example, if the child in foster care has an older sibling who was in foster care at one time, but not during the period under review, this case would be Not Applicable.

Select the approand continue to I	priate response. If the response is No, rate the item as Not Applicable in the ratings section
Yes □ N	o 🗖
Optional: Provide	e comments in the narrative field below:
A. During the e	entire period under review, was the child placed with all siblings who also were in foster care?
Yes □ N	
Question 7A D	Definition and Instruction:
through the	e children who have one or more parents in common either biologically, through adoption, or emarriage of their parents, and with whom the child lived before his or her foster care or with whom the child would be expected to live if the child were not in foster care.
location. If t	ng question A, consider only the location of each of the siblings, not the reason for their the child was placed with siblings for a portion of the period under review, or if the child was one but not all siblings during the period under review, answer question A No.
B. If the answe	er to question A is No, was there a valid reason for the child's separation from the siblings?
Yes ☐ No ☐	J NA □
If No, explain any	y concerns in the narrative field below:

Question 7B Instructions:

- If question A was answered Yes, then question B is NA.
- Consider the circumstances of the placement of siblings, focusing on whether separation was
 necessary to meet the child's needs. For example, were siblings separated temporarily because one
 sibling needed a specialized treatment or to be in a treatment foster home, or because one sibling was
 abusive to the other, or because siblings with different biological parents were placed with different
 relatives?
- If the separation of siblings is attributed by the agency to a lack of foster homes willing to take sibling groups, question B should be answered No.
- In cases of large sibling groups, reviewers should determine if concerted efforts were made to place the child with any of his or her siblings who were also in foster care, even if he or she was not placed with all siblings. If, for example, the agency was able to split a large sibling group into two placements so that the target child was in fact placed with some of his or her siblings, it could be determined that the agency made concerted efforts to place siblings together, and that would be reflected in the response to question B.
- If siblings were separated for a valid reason, consider the entire period under review and determine whether that valid reason existed during the whole period of separation. For example, the siblings were separated because one sibling needed temporary treatment services. However, during the period under review, the sibling's treatment services ended. In this situation, determine whether concerted efforts were made to reunite the siblings after the treatment service was completed. If the need for separation no longer existed and no efforts were made to reunite the siblings, then the answer to question B should be No.

Item 7 Rating Criteria:

Item 7 should be rated as a Strength if either of the following applies:

- The answer to question A is Yes.
- The answer to question A is No, but the answer to question B is Yes.

Item 7 should be rated as an Area Needing Improvement if the answers to questions A and B are No.

Item 7 should be rated as Not Applicable if the response to the question of applicability is No.

Item 7 Rating (select one):

Override this rat Overridden rating Strength Override reason:		NA 🗖				

PERMANENCY OUTCOME 2: THE CONTINUITY OF FAMILY RELATIONSHIPS AND CONNECTIONS IS PRESERVED FOR CHILDREN.

Item 8: Visiting With Parents and Siblings in Foster Care

Optional: Provide comments in the narrative field below:

Purpose of Assessment: To determine whether, during the period under review, concerted efforts were made to ensure that visitation between a child in foster care and his or her mother, father, and siblings is of sufficient frequency and quality to promote continuity in the child's relationship with these close family members.

_							
D_{Δ}	fi	n	iti	in	n	c	•

- "Mother" and "Father" in items 8 and 11 are typically defined as the parents/caregivers from whom the child was removed and with whom the agency is working toward reunification.
- Because the focus of item 8 is to promote continuity in the child's relationships, do not include in this item a parent who did not have a relationship with the child prior to the child's entry in foster care, even if the goal is to reunify with that parent. Visitation for a parent in that circumstance may be assessed as a service need in item 12 (see item 12 instructions).

1	
lte	em 8 Applicable Cases: Cases are applicable for an assessment of this item if the following applies:
•	The child has at least one sibling in foster care who is in a different placement setting. Yes ☐ No ☐
	ases are Not Applicable for assessment if the child has no siblings placed separately in foster care, AND any the following apply (check Yes for any that apply and No for any that do not apply):
•	There is documentation in the case file indicating that contact between the child and both of his or her parents is not in the child's best interests. Yes No
•	The whereabouts of both parents are unknown despite documented concerted agency efforts to locate the parents. Yes \square No \square
•	Both parents were deceased during the entire period under review. Yes ☐ No ☐
•	The parental rights of both parents remained terminated during the entire period under review. Yes \square No \square
•	The only parent(s) being assessed in this item does not meet the definition of Mother/Father for this item.
	Yes □ No □

Yes □	No □	NA 🗖	

Questions 8A and 8B Instructions:

- If A1 is NA, question A is answered Not Applicable.
- If B1 is NA, question B is answered Not Applicable.
- Determine whether the frequency of visitation during the period under review was sufficient to maintain
 the continuity of the relationship between the child and the mother or father, depending on the
 circumstances of the case. For example, frequency may need to be greater for infants and young
 children who are still forming attachments. Frequency also may need to be greater if reunification is
 imminent. Visitation should be as frequent as possible, unless safety concerns cannot be appropriately
 managed with supervision. The opportunity for visitation should not be used as a consequence or
 reward for parents or for children.
- If, during the period under review, frequent visitation with the mother or father was not possible (for example, due to incarceration in a facility where visitation is not feasible, or if the parent lives in another state), determine whether there are documented concerted efforts to promote other forms of contact between the child and the mother or father, such as telephone calls or letters, in addition to facilitating visits when possible and appropriate.
- Address the question of appropriate frequency based on the circumstances of the child and the family, rather than on state policy.

 E1. What was the usual frequency of visits between the child and his or her siblings during the period under review? Select the box next to the statement that best describes the usual frequency of visits between the siblings and the child during the period under review. □ NA □ More than once a week □ Less than once a week, but at least twice a month □ Less than twice a month, but at least once a month □ Less than once a month □ Never
Question 8E1 Instruction:
Answer E1 Not Applicable if the child has no siblings in foster care or if contact with all siblings who are in foster care was not considered to be in the best interests of the child for the entire period under review (for example, one sibling is a physical threat to the other sibling or has a history of physical or sexual abuse of the other sibling and this concern remained throughout the period under review).
E. During the period under review, were concerted efforts made to ensure that visitation (or other forms of contact if visitation was not possible) between the child and his or her sibling(s) was of sufficient frequency to maintain or promote the continuity of the relationship? Yes No NA NA
Question 8E Instructions:
If E1 is NA, E should be answered NA.
 If E1 is Never, E should be answered No. Consider whether the frequency of visits during the period under review was sufficient to maintain the continuity of the sibling relationships.
• If, during the period under review, frequent visitation with the sibling(s) was not possible (for example, siblings were placed far apart), determine whether there were concerted efforts to promote other forms of contact between the child and sibling(s), such as telephone calls or letters, in addition to facilitating visits when possible.
F. During the period under review, were concerted efforts made to ensure that the quality of visitation (or other forms of contact if visitation was not possible) between the child and his or her sibling(s) was sufficient to promote the continuity of their relationships? Yes No NA NA
Question 8F Instructions:
If E1 is NA or Never, question F should be answered NA.
• Determine whether concerted efforts were made to ensure that the quality of sibling visitation, and/or other forms of contact, were sufficient to maintain the continuity of the relationship. For example, were visits long enough to permit quality interaction? Did sibling visits only occur in the context of parent visitations? Did visits occur in a comfortable atmosphere?

Item 8 Rating Criteria:

Item 8 should be rated as a Strength if at least one of the questions A through F is answered Yes and the other questions are answered Not Applicable.

Item 8 should be rated as an Area Needing Improvement if any one of the questions A through F is answered No.

PERMANENCY OUTCOME 2: THE CONTINUITY OF FAMILY RELATIONSHIPS AND CONNECTIONS IS PRESERVED FOR CHILDREN.

Item 9: Preserving Connections

Purpose of Assessment: To determine whether, during the period under review, concerted efforts were made to maintain the child's connections to his or her neighborhood, community, faith, extended family, Tribe, school, and friends.

Item 9 Applicable Cases:

Almost all foster care cases are applicable for an assessment of this item. A possible exception may be the situation of an abandoned infant where the agency has no information about the child's extended family or connections.

	propriate response. If the response is No, rate the item as Not Applicable in the ratings section to Item 10.
Yes □	No □
Optional: Pro	ovide comments in the narrative field below:
connections (the period under review, were concerted efforts made to maintain the child's important for example, neighborhood, community, faith, language, extended family members including are not in foster care, Tribe, school, and/or friends)?

Question 9A Instructions:

No □

Yes

- Determine what the important connections were for the child prior to their placement in foster care and then determine whether concerted efforts were made to maintain those connections during the period under review.
- For a child enrolled in school, consider whether efforts were made to maintain the child in the same school the child was in before placement in foster care, if remaining in the same school was in the child's best interests.
- Do not rate this item based on connections to parents/caregivers from whom the child was removed and/or with whom the child will be reunified, or to siblings who are in foster care. Information about sustaining those connections is captured in other items. However, this item may be rated based on connections with siblings who are not in foster care and other extended family members, such as grandparents, uncles, aunts, or cousins.
- Connections to caregivers from whom the child was removed may also be included in this item if the
 goal is not to reunify the child with those caregivers and it is in the child's best interest to preserve
 those relationships.
- If, prior to placement in foster care, the child had a relationship with a biological parent who was not the caregiver the child was removed from or that they are being reunified with (the parent is not part of the case plan), that connection may be included in this item if it is in the child's best interest to preserve that relationship.

B. Was a sufficient inquiry conducted with the parent, child, custodian, or other interested party to determine whether the child may be a member of, or eligible for membership in, a federally recognized Indian Tribe?
Yes □ No □
Question 9B Instructions:
 This question is for data collection purposes only and does not affect the rating for this item. If there is no information in the case file that indicates the child is a member of, or eligible for membership in, an Indian Tribe, but you learn through interviews that the child has Native American heritage and no apparent efforts were made to determine this, then the answer to question B is No. If the child entered foster care during the period under review, determine whether timely and appropriate action was taken to determine whether the child is a member of, or eligible for membership in, an Indian Tribe. This may include exploring this with the parents and/or other persons with a relationship to the child, contacting Tribes, and contacting the Bureau of Indian Affairs. If the child entered foster care before the period under review, the answer to question B can be Yes if by the beginning of the period under review an informed determination was made about the child's membership, or eligibility for membership, in an Indian Tribe and all appropriate steps were taken to determine whether the child is Native American.
C. If the child may be a member of, or eligible for membership in, a federally recognized Indian Tribe, during the period under review, was the Tribe provided timely notification of its right to intervene in any state court proceedings seeking an involuntary foster care placement or termination of parental rights? Yes □ No □ NA □
Question 9C Instructions:
 Answer question C Yes or No if the child is a member of, or eligible for membership in, an Indian Tribe, or you learn through interviews that the child has Native American heritage.
 If the child is not a member of, or eligible for membership in, an Indian Tribe, and there is no information through interviews that the child has Native American heritage, answer question C Not Applicable.
• If the child entered care during the period under review or had a termination of parental rights hearing during the period under review, determine whether timely notice was provided to the Tribe. Timely notice is notice that was received no later than 10 days before the proceeding. If timely notice was not provided, the answer to question C is No.
• If the child entered care before the period under review and did not have a termination of parental rights hearing during the period under review, the answer to question C is Yes, if, by the beginning of the period under review, all appropriate steps were taken to notify the Tribe.
D. If the child is a member of, or eligible for membership in, a federally recognized Indian Tribe, was the child placed in foster care in accordance with Indian Child Welfare Act placement preferences or were concerted efforts made to place the child in accordance with the Act's placement preferences?
Yes □ No □ NA □

Question 9D Instructions:

- Answer question D Yes or No if the child is a member of, or eligible for membership in, an Indian Tribe, or you learn through interviews that the child has Native American heritage.
- If the child is not a member of, or eligible for membership in, an Indian Tribe, and there is no
 information through interviews that the child has Native American heritage, answer question D Not
 Applicable.
- Determine whether, during the period under review, the child was placed (1) with a member of the child's extended family, (2) in a foster home licensed, approved, or specified by the Native American child's Tribe, (3) in another Native American foster home placement, or (4) in an institution approved by a Tribe or operated by a Native American organization. Placement preference is in this order unless another order is specified by Tribal resolution.
- If the child's placement was not made in accordance with Indian Child Welfare Act placement preferences, determine whether, during the period under review, there were documented concerted efforts to meet the Act's placement preferences.

Item 9 Rating Criteria:

Item 9 should be rated as a Strength if the answer to question A is Yes and the answers to questions C and D are either Yes or Not Applicable.

Item 9 should be rated as an Area Needing Improvement if either of the following applies:

- The answer to question A is Yes, but the answer to question C and/or D is No.
- The answer to question A is No, regardless of the answers to questions C and D.

The answer to question B is not considered in rating this item.

Item 9 should be rated as Not Applicable if the response to the question of applicability is No.

Item 9 Rating (select one):

Item 10: Relative Placement

Purpose of Assessment: To determine whether, during the period under review, concerted efforts were made to place the child with relatives when appropriate.

Item 10 Applicable Cases:

Is this case annlicable?

All foster care cases are applicable for assessment of this item except those in which (1) the agency determined upon the child's initial entry into care that his or her needs required a specialized placement (such as residential treatment services) and that they will continue to require such specialized treatment the entire time the child is in care and a relative placement would be inappropriate, or (2) situations such as abandonment in which the identity of both parents and all relatives remains unknown despite documented concerted efforts to identify them.

PERMANENCY OUTCOME 2: THE CONTINUITY OF FAMILY RELATIONSHIPS AND CONNECTIONS IS PRESERVED FOR CHILDREN.

Item 11: Relationship of Child in Care With Parents

Purpose of Assessment: To determine whether, during the period under review, concerted efforts were made to promote, support, and/or maintain positive relationships between the child in foster care and his or her mother and father or other primary caregiver(s) from whom the child had been removed through activities other than just arranging for visitation.

Item 11 Definitions:

- "Mother" and "Father" in Items 8 and 11 are typically defined as the parents/caregivers from whom the child was removed and with whom the agency is working toward reunification.
- Because the focus of Item 11 is to promote, support, and maintain the child's relationships with the
 parents/caregivers from whom the child was removed, do not include in this item a parent who did not
 have a relationship with the child prior to the child's entry into foster care, even if the goal is to reunify
 with that parent. Services to support a parent in developing a new relationship with a child may be
 assessed as a service need in item 12 (see Item 12 instructions).

Item 11 Applicable Cases: All foster care cases are applicable for assessment of this item unless any of the following apply (check Yes for any that apply and No for any that do not apply):

following apply (check Yes for any that apply and No for any that do not apply):	
 The parental rights for both parents remained terminated during the entire period under review. Yes □ No □ 	
 The child was abandoned and neither parent could be located. Yes □ No □ 	
 The whereabouts of both parents were not known during the entire period under review despite documented concerted agency efforts to locate both parents. Yes □No □ 	
 Contact with both parents was considered to be not in the child's best interest and this is documented in the case file. Yes □ No □ 	
 During the entire period under review, both parents were deceased. Yes □ No □ 	
• The only parent(s) being assessed in this item do not meet the definition for Mother/Father for this item.

RATING PERMANENCY OUTCOME 2

PERMANENCY OUTCOME 2: THE CONTINUITY OF FAMILY RELATIONSHIPS AND CONNECTIONS IS PRESERVED FOR CHILDREN.

What is the level of outcome achievement that best describes the extent to which this outcome is being or has been achieved, based on the ratings for Items 7 through 11?

Instructions:

Permanency Outcome 2 should be rated as Substantially Achieved if both of the following apply:

- Not more than one of Items 7 through 11 is rated as an Area Needing Improvement.
- At least one item is rated as a Strength.

Permanency Outcome 2 should be rated as Partially Achieved if both of the following apply:

- At least two items, but fewer than all five items, are rated as an Area Needing Improvement.
- At least one item is rated as a Strength.

Permanency Outcome 2 should be rated as Not Achieved if both of the following apply:

- No item is rated as a Strength.
- At least one item is rated as an Area Needing Improvement.

Permanency Outcome 2 should be rated as Not Applicable if the following applies:

All of Items 7 through 11 are rated as Not Applicable.

Select the appropriate response:					
Substantially Achieved	Partially Achieved	Not Achieved □	NA 🗖		

SECTION III: CHILD AND FAMILY WELL-BEING

WELL-BEING OUTCOME 1: FAMILIES HAVE ENHANCED CAPACITY TO PROVIDE FOR THEIR CHILDREN'S NEEDS.

Item 12: Needs and Services of Child, Parents, and Foster Parents

Item 12 is divided into three sub-items: 12A: Needs assessment and services to children, 12B: Needs assessment and services to parents, and 12C: Needs assessment and services to foster parents.

Purpose of Assessment: To determine whether, during the period under review, the agency (1) made concerted efforts to assess the needs of children, parents, and foster parents (both initially, if the child entered foster care or the case was opened during the period under review, and on an ongoing basis) to identify the services necessary to achieve case goals and adequately address the issues relevant to the agency's involvement with the family, and (2) provided the appropriate services.

Item 12 Applicable Cases: Most cases are applicable for an assessment of this item because Sub-Item 12A is typically applicable to all cases. Sub-Items 12B and 12C may not be applicable to all cases, and instructions for applicability are provided before each sub-item.

Sub-Item 12A: Needs Assessment and Services to Children

Sub-Item 12A Instructions:

- If the case is a foster care case, determine whether the agency assessed the needs of, and provided services for, the target child in the case, even if there are other children in the family in foster care or in the home.
- If the case is an in-home services case, determine whether the agency assessed the needs of, and provided services for, all children in the family unless you determine that based on case circumstances only specific children in the home should be assessed and provided with services.

For in-home services cases, indicate the names of the children who were included in the assessment Sub-Item 12A:	of
A1. During the period under review, did the agency conduct a formal or informal initial and/or ongoing comprehensive assessment that accurately assessed the children's needs?	ng
Yes □ No □	
If No, explain any concerns in the narrative field below:	

Question 12A1 Instructions:

- If the case was opened during the period under review, focus on whether the agency conducted an initial comprehensive assessment as a basis for developing a case plan, and whether ongoing assessment was conducted as appropriate.
- If the case was opened before the period under review, focus on whether the agency conducted
 periodic comprehensive needs assessments (as appropriate) during the period under review to update
 information relevant to ongoing case planning.
- Assessment of needs may take different forms. For example, needs may be assessed through a
 formal evaluation conducted by another agency or by a contracted provider or through a more informal
 case planning process involving intensive interviews with the child, family, and service providers.
 Answer question A1 based on a determination of whether the agency made concerted efforts to
 achieve an in-depth understanding of the needs of the child, regardless of whether the needs were
 assessed in a formal or informal manner. Consequently, the evaluation of the assessment should
 focus on its adequacy in accurately assessing the child's needs in addition to whether one was
 conducted.
- Answer this question with regard to an assessment of needs other than those related to children's education, physical health, and mental/behavioral health (including substance abuse). The assessment of the child's needs related to these issues is addressed in later items. Needs that should be assessed in this item include those related to social/emotional development that are not connected to other physical health or mental health issues. These may include social competencies, attachment and caregiver relationships, social relationships and connections, social skills, self-esteem, and coping skills. If the case is a foster care case, and the child is an adolescent, determine whether the child's needs for independent living services are being assessed on an ongoing basis as part of the child's independent living plan. In making this determination, consider the following:
 - Did the agency assess for independent living skills?
 - Is there an independent living plan in the file? (This is required for all youth age 16 and older.)

A2. During the needs?	period under revi	ew, were appropriate services provided to meet the children's identified
Yes □	No □	NA □
If No, explain an	y concerns in the	narrative field below:

Question 12A2 Instructions:

- If the answer to question A1 is Yes, but the result of the assessment was that no service needs were identified other than those related to education, physical health, and mental/behavioral health (including substance abuse), and therefore no services were provided other than services to address those needs, the answer to question A2 should be Not Applicable.
- If the agency did not conduct an initial assessment and A1 is answered No, A2 could be answered No or Yes. A2 could be answered Yes only if reviewers can determine through clearly documented evidence in the case file that ALL of the child's needs were met with appropriate services. If there is not enough information for the reviewer to ascertain the child's needs, because an assessment was not conducted and the needs are not clearly articulated in the case file, then A2 should be answered No.
- Focus on the agency's provision of services during the period under review. If services were provided before the period under review, and an assessment conducted during the period under review indicated no further service needs, then the answer to question A2 should be Not Applicable.
- Answer this question with regard to provision of services other than those related to education, physical
 health, or mental/behavioral health (including substance abuse). The assessment of service provision
 related to these issues is addressed in later items. Item 2 should address all the safety-related services
 provided to the family. Do not capture those services in this item.
- Determine whether the services provided matched identified needs. For example, were the services provided simply because those were the services available or were they provided because the assessment revealed a particular need for a particular type of service?
- If the case is a foster care case, independent living services should be provided to all youth age 16 and older and to children of any age with a goal of emancipation/independence or "other planned permanent living arrangement" who are expected to eventually exit foster care to independence. Consider whether concerted efforts were made to provide the child with services to adequately prepare the child for independent living when the child leaves foster care, such as post-high school planning, life skills classes, employment training, financial planning skills training, and transitional services.
- Examples of services that are assessed under this item include child care services that are not required for the child's safety (those services would be covered under Item 2), mentoring programs that are not related to the child's education, recreational services, teen parenting education, preparation for adoption and other permanency goals, services that address family relationships that are not mental health in nature (for example, services to assist children in reestablishing or maintaining family ties), and services to assist the child that are recommended by a therapist or other provider but are not mental health-related (such as enrollment in an activity to assist with social skills or to boost self-esteem).

Sub-Item 12A Rating Criteria:

Sub-item 12A should be rated as a Strength if either of the following applies:

- The answers to both questions A1 and A2 are Yes.
- The answer to question A1 is Yes, and the answer to question A2 is Not Applicable.

Sub-item 12A should be rated as an Area Needing Improvement if the answer to question A1 and/or A2 is No.

There are no circumstances under which Sub-Item 12A could be rated as Not Applicable.

During the entire period under review the parent has indicated he/she does not want to be involved in the child's life and this was documented in the case file Yes □ No □

Is Sub-Item 12B applicable for Mother?
Yes □ No □
If No, answer questions B1 and B3 Not Applicable.
Is Sub-Item 12B applicable for Father?
Yes □ No □
If No, answer questions B2 and B4 Not Applicable.
Indicate the case participants who are included in this item as Mother and Father:
If both parents are not applicable for this item, go to Sub-Item 12B rating criteria, select Not Applicable and continue to Sub-Item 12C.
B1. During the period under review, did the agency conduct a formal or informal initial and/or ongoing comprehensive assessment that accurately assessed the mother's needs?
Yes □ No □ NA □
If No, explain any concerns in the narrative field below:

Questions 12B1 and 12B2 Instructions:

- If the case was opened during the period under review, focus on whether the agency conducted an
 initial comprehensive assessment as a basis for developing a case plan, and whether ongoing
 assessment was conducted as appropriate.
- If the case was opened before the period under review, focus on whether the agency conducted periodic comprehensive needs assessments (as appropriate) during the period under review to update information relevant to ongoing case planning.
- Determine whether the agency has made concerted efforts to ensure that case planning is based on an
 in-depth understanding of the needs of the mother and father, regardless of whether the needs were
 assessed in a formal or informal manner. (Assessment of needs may take different forms. For example,
 needs may be assessed through a formal psychosocial evaluation conducted by another agency or by
 a contracted provider or through a more informal case planning process involving intensive interviews
 with the child, family, and service providers.)
- Assessment of mother's and father's needs refers to a determination of what the mother or father needs
 to provide appropriate care and supervision and to ensure the well-being of his/her children. This could
 include mental and physical health needs (as later items do not address these concerns for the parents),
 if those needs impact the parent's capacity to care for the children. This could also include an
 assessment of needs related to supporting a biological parent's relationship with the child if they did not
 have an established relationship prior to the child's entry into foster care.

B2. During the period under review, did the agency conduct a formal or informal initial and/or ongoing comprehensive assessment that accurately assessed the father's needs?
Yes □ No □ NA □
If No, explain any concerns in the narrative field below:
B3. During the period under review, did the agency provide appropriate services to the mother to meet identified needs?
Yes □ No □ NA □
If No is selected, explain any concerns in the following narrative field:
Question 12B3 and 12B4 Instructions:
If an assessment was conducted but no service needs were identified, this question can be answered Not Applicable.
 Appropriate services are those that enhance the mother's or father's ability to provide care and supervision and support the well-being of his or her child(ren); for example, substance abuse treatment, parenting skills classes, or visitation and/or family counseling services for a biological parent who is establishing a new relationship with the child. Item 2 should address all the safety- related services provided to the family. Do not capture those services in this item. Visitation services would only be included for a biological parent in this item if the parent was not included in item 8.
B4. During the period under review, did the agency provide appropriate services to the father to address identified needs?
Yes □ No □ NA □
If No is selected, explain any concerns in the following narrative section:
Sub Itam 12B Bating Critaria

Sub-Item 12B Rating Criteria:

Sub-item 12B should be rated as a Strength if either of the following applies:

- The answers to B1, B2, B3, and B4 are Yes.
- The answer to at least one question is Yes, and the answer to the other questions is Not Applicable. Sub-item 12B should be rated as an Area Needing Improvement if the answer to any one of the questions is No.

Sub-item 12B should be rated as Not Applicable if the answer to the questions of applicability for both Mother and Father is No.

Strength

Override reason:

WELL-BEING OUTCOME 1: FAMILIES HAVE ENHANCED CAPACITY TO PROVIDE FOR THEIR CHILDREN'S NEEDS.

Item 13: Child and Family Involvement in Case Planning

Purpose of Assessment: To determine whether, during the period under review, concerted efforts were made (or are being made) to involve parents and children (if developmentally appropriate) in the case planning process on an ongoing basis.

Item 13 Definitions:

In-home services cases:

- "Mother" and "Father" in Items 12, 13, and 15, are typically defined as the parents/caregivers with whom the children were living when the agency became involved with the family and with whom the children will remain (for example, biological parents, relatives, guardians, adoptive parents).
- If a biological parent does not fall into any of the categories above, determine whether that parent should be included in this item based on the circumstances of the case. Some things to consider in this determination are: the reason for the agency's involvement and the identified perpetrators in the case, the status of the children's relationship with the parent, the nature of the case (court supervised or voluntary) and the length of case opening. If a biological parent indicates a desire during the period under review to be involved with the child and it is in the child's best interests to do so, they should be assessed in this item.

Foster care cases:

- "Mother" and "Father" in Items 12, 13, and 15 are typically defined as the parents/caregivers from whom the child was removed and with whom the agency is working toward reunification.
- "Mother" and "Father" in Items 12, 13, and 15 include biological parents who were not the parents from whom the child was removed.
- "Mother" and "Father" include adoptive parents if the adoption has been finalized during the period under review.

Item 13 Applicable Cases:

Because multiple case participants can be assessed in these questions, consider applicability for all appropriate case participants before determining that the rating should be Not Applicable. All cases are applicable for an assessment of this item except as determined below (check Yes for criteria that apply and No for those that do not).

Ca	ises involv	ing children	for whom part	icipating in plann	ing is n	ot develop	mentally appro	priate
Υe	s 🗖	No □	AND:					
Ca	ases in wh	ich all paren	ts being asses	ssed as Mother o	or Fathe	r meet an y	y of these criter	ia:
-	Parental r	ights remain	ed terminated	during the entire	period	under rev	iew Yes 🗖	No □
_		vhereabouts parent Yes		wn during the en	tire peri	od under r	eview despite a	gency efforts to
_				em 12B is rated parents. Yes □	as an A	_	ing Improvemer	nt due to lack of

_	•			w it was docume se planning Yes		the case fi No □	le that it was no	ot in the child's best

 During the entire period under review the parent has indicated he/she does not want to be involved in the child's life and this was documented in the case file Yes □ No □
• In-home services cases are applicable even in states that do not require a formal case plan to be developed for in-home services cases. Therefore, the case is applicable even if there is no state requirement for a case plan and there is no case plan in the file.
Is this case applicable? Select the appropriate response. If the response is No, rate the case as Not Applicable in the ratings section and continue to Item 14.
Yes ☐ No ☐ Indicate the case participants who are included in this item as Mother and Father:
Optional: Provide comments in the narrative field below:
A. During the period under review, did the agency make concerted efforts to actively involve the child in the case planning process?
Yes □ No □ NA □
If No, explain any concerns in the narrative field below:
For in-home services cases, indicate the names of the children who are included in the assessment of Item 13:

Question 13A Definition:

"Actively involved" means that the agency consulted with the child (as developmentally appropriate) regarding the child's goals and services, explained the plan and terms used in the plan in language that the child can understand, and included the child in periodic case planning meetings, particularly if any changes are being considered in the plan.

Question 13A Instructions:

- Select Not Applicable if the child is not old enough to participate in case planning or is incapacitated.
 Although the capacity to participate actively in case planning will need to be decided on a case-by-case basis, as a guideline, most children who are elementary school-aged or older may be expected to participate to some extent.
- If the case is a foster care case, Item 13 applies to the target child only. If the case is an in-home services case, Item 13 applies to all children in the family home unless you determine that based on case circumstances only specific children in the home should be engaged in case planning (for example, only children receiving services from the agency).
- If the case is a foster care case, answer No to this question if there is no case plan in the case file.
- If the case is an in-home services case, and there is no case plan in the file (some states require that an identifiable written case plan be included in the file for in-home services cases), identify the extent to which the children (if developmentally appropriate) were involved in determining: (1) their strengths and needs, (2) the type and level of services needed, and (3) their goals and progress toward meeting them. Determine whether this information was documented in the case file in any way.
- Do not assume that a child's knowledge about his or her case plan is an indicator of active involvement.
- If the initial case plan was developed before the period under review, focus on the children's involvement during the period under review in the ongoing case planning process, particularly with regard to evaluating progress and making changes in the type and level of services needed as well as understanding changes made to their permanency goal (in foster care cases).

B. During the period under review, did the agency make concerted efforts to actively involve the mother in the case planning process?					
Yes □	No □	NA □			
If No, explain any concerns in the narrative field below:					

Questions 13B and 13C Definition:

"Actively involved" means that the agency involved the mother or father in (1) identifying strengths and needs, (2) identifying services and service providers, (3) establishing goals in case plans, (4) evaluating progress toward goals, and (5) discussing the case plan.

Questions 13B and 13C Instructions:

- Select Not Applicable if all case participants being assessed as Mother in 13B or as Father in 13C meet the criteria for Not Applicable in the item 13 rating criteria.
- If the initial case plan was developed before the period under review, focus on the mother's or father's involvement during the period under review in the ongoing case planning process, particularly with regard to evaluating progress and making changes in the plan.
- Select NA if the agency did not make concerted efforts to locate a mother or father whose whereabouts were unknown. In Well-Being Outcome 1, concerns about efforts to locate a parent should only be reflected in item 12.

C. During the period under review, did the agency make concerted efforts to actively involve the father in the case planning process?					
Yes □ No □	□ NA □				
If No, explain any c	oncerns in the narrative field below:				
Item 13 Rating C	riteria:				
Item 13 should be	rated as a Strength if either of the following applies:				
• The answers to	A, B, and C are Yes.				
	at least one question is Yes, and the answer to the other questions is Not Applicable. rated as an Area Needing Improvement if the answer to any one of questions A, B, or				
	rated as Not Applicable if the response to the question of applicability is No.

Override reason:					

WELL-BEING OUTCOME 1: FAMILIES HAVE ENHANCED CAPACITY TO PROVIDE FOR THEIR CHILDREN'S NEEDS.

Item 14: Caseworker Visits With Child

Purpose of Assessment: To determine whether the frequency and quality of visits between caseworkers and the child(ren) in the case are sufficient to ensure the safety, permanency, and well-being of the child(ren) and promote achievement of case goals.

Item 14 Applicable Cases: All cases are applicable for an assessment of this item.

••
A1. During the period under review, what was the most typical pattern of visitation between the caseworker or other responsible party and the child(ren) in the case? Select the box that describes the usual pattern of visitation.
☐ More than once a week
☐ Once a week
☐ Less than once a week, but at least twice a month
☐ Less than twice a month, but at least once a month
☐ Less than once a month
□ Never
Questions 14A1 and 14A Definitions:
 "Other responsible party" refers to contracted service providers who have full responsibility for case planning and case management (for example, fully or partially privatized child welfare systems where full case management responsibilities are delegated to contract agencies). It does not refer to contracted service providers that provide services while the agency maintains decision-making and case management responsibilities regarding the case or the child. A "visit" is defined as a face-to-face contact between the caseworker or other responsible party and the child.
Question 14A1 Instructions:
 If the case is an in-home services case, question A1 should be answered for all children in the family home. If the case is a foster care case, question A1 should be answered only for the target child in the case. Consider only the pattern of visits during the period under review and not over the life of the case. Focus on the visitation frequency of the agency caseworker (or other responsible party) responsible for the case and not on other service providers who may be visiting the children. Determine the most typical pattern of visitation during the period under review because the actual
frequency may vary in specific time periods.
A. During the period under review, was the frequency of the visits between the caseworker (or other responsible party) and the child(ren) sufficient to address issues pertaining to the safety, permanency, and well-being of the child and promote achievement of case goals?
Yes □ No □

Question 14A Instructions:

- If A1 is Never, question A is No.
- In responding to question A, consider the frequency of visits selected in question A1.
- Base your determination on the frequency necessary to ensure the child's safety, permanency, and
 well-being and not on compliance with state policy requirements regarding caseworker contacts or visits
 with the child. For example, if state policy is that the caseworker should visit the child at least once a
 month and they complied with that, but you determine that given the circumstances of the case (for
 example, there are safety concerns), the caseworker should visit more frequently, then the answer to
 question A should be No.
- If the child is in a placement in another state, you should determine whether a caseworker from the jurisdiction in which the child is placed, or a caseworker from the jurisdiction from which the child was placed, visits with the child in the placement on a schedule that is consistent with the child's needs.
- If the typical pattern of visits is less than once a month, the answer to question A should be No unless you determine that there is a substantial justification for a Yes answer.
- For an in-home services case, any children in the home who were assessed in item 12 should be
 visited at least monthly unless there is substantial justification for less than monthly visits. Frequency of
 visitation with other children in the family home should be determined based on the circumstances of
 the case, such as any risk and safety concerns present during the period under review, the age and
 vulnerability of the children, the reason for the agency's involvement with the family, etc.

suffic achie	ient to address issues percent of case goals (er review, was the quality of the visits between the caseworker and the child(ren) bertaining to the safety, permanency, and well-being of the child and promote for example, did the visits between the caseworker or other responsible party and spertinent to case planning, service delivery, and goal achievement)?	
Yes	□ No □	NA □	
If No, explain any concerns in the narrative field below:			

Question 14B Instructions:

- If A1 is Never, question B is Not Applicable.
- Consider both the length of the visit (for example, was it of sufficient duration to address key issues with the child, or was it just a brief visit) and the location of the visit (for example, was it in a place conducive to open and honest conversation, such as a private home, or was it in a more formal or public environment, such as a court house or restaurant?).
- Consider whether the caseworker (or other responsible party) saw the child alone or whether the parent or foster parent was usually present during the caseworker's visits with the child. If the child was older than an infant, and the caseworker did not see the child alone for at least part of each visit, then the answer to question B should be No.
- Also consider the topics that were discussed during the visits, if that information is available in the case
 file or through interviews. For the answer to question B to be Yes, there must be some evidence that the
 caseworker and the child addressed issues pertaining to the child's needs, services, and case goals
 during the visits.

Item 14 Rating Criteria:

Item 14 should be rated as a Strength if the answers to both questions A and B are Yes.

Item 14 should be rated as an Area Needing Improvement if the answer to question A and/or B is No.

There are no circumstances under which Item 14 could be rated as Not Applicable.

Item 14 Rating (se	lect one):		
Strength 🗖	Area Needing Improvement □		
	nal comments that highlight strengths or challenges related to specific practices, systemic s that affected this item in the narrative field below:		
Override rating? Override rating Strength	Area Needing Improvement □		
Override reason:			

WELL-BEING OUTCOME 1: FAMILIES HAVE ENHANCED CAPACITY TO PROVIDE FOR THEIR CHILDREN'S NEEDS.

Item 15: Caseworker Visits With Parents

Purpose of Assessment: To determine whether, during the period under review, the frequency and quality of visits between caseworkers and the mothers and fathers of the child(ren) are sufficient to ensure the safety, permanency, and well-being of the child(ren) and promote achievement of case goals.

Item 15 Definitions:

In-home services cases:

- "Mother" and "Father" in Items 12, 13, and 15, are typically defined as the parents/caregivers with
 whom the children were living when the agency became involved with the family and with whom the
 children will remain (for example, biological parents, relatives, guardians, adoptive parents).
- If a biological parent does not fall into any of the categories above, determine whether that parent should be included in this item based on the circumstances of the case. Some things to consider in this determination are: the reason for the agency's involvement and the identified perpetrators in the case, the status of the children's relationship with the parent, the nature of the case (court supervised or voluntary) and the length of case opening. If a biological parent indicates a desire during the period under review to be involved with the child and it is in the child's best interests to do so, they should be assessed in this item.

Foster care cases:

- "Mother" and "Father" in Items 12, 13, and 15 are typically defined as the parents/caregivers from whom the child was removed and with whom the agency is working toward reunification.
- "Mother" and "Father" in Items 12, 13, and 15 include biological parents who were not the parents from whom the child was removed.
- "Mother" and "Father" include adoptive parents if the adoption has been finalized during the period under review.

Item 15 Applicable Cases:

Because multiple case participants can be assessed in these questions, consider applicability for all appropriate case participants before determining that the rating should be Not Applicable. All cases are applicable for an assessment of this item except cases in which **all** parents being assessed as Mother and Father meet any of the following criteria (check Yes for any that apply and No for those that do not):

Father meet any of the following criteria (check Yes for any that apply and No for those that do not):
 Parental rights remained terminated during the entire period under review. Yes □ No □
 Parent's whereabouts were not known during the entire period under review despite agency efforts to locate the parent. Yes No
 The reviewer has determined that Item 12B is rated as an Area Needing Improvement due to lack of concerted efforts to find applicable parents. Yes ☐ No ☐
 Parent was deceased during the entire period under review. Yes □ No □
 During the entire period under review it was documented in the case file that it was not in the child's best interests to involve the parent in case planning. Yes ☐ No ☐
 During the entire period under review the parent has indicated he/she does not want to be involved in the child's life and this was documented in the case file. Yes ☐ No ☐
Is this case applicable? Select the appropriate response. If the response is No, select Not Applicable in the ratings section and
continue to Item 16. Yes \square No \square

Indicate the case participants who are included in this item as Mother and Father:

Optional: Provide comments in the narrative field below:

A1. During the period under review, what was the most typical pattern of visitation between the caseworker (or other responsible party) and the mother of the child(ren)? Select the appropriate response:

More than once a week

Once a week

Less than once a week, but at least twice a month

Less than once a month, but at least once a month

Less than once a month

Questions 15A1, 15A2, 15B1, and 15B2 Definitions:

- "Other responsible party" refers to contracted service providers who have full responsibility for case
 planning and case management (for example, fully or partially privatized child welfare systems where
 full case management responsibilities are delegated to contract agencies). It does not refer to
 contracted service providers who provide services while the agency maintains decision-making and
 case management responsibilities regarding the case or the child.
- A "visit" is defined as a face-to-face contact between the caseworker or other responsible party and the parent.

Questions 15A1 and 15B1 Instructions:

□ Never□ NA

- Select Not Applicable if all case participants being assessed as Mother in 15A1 or as Father in 15B1
 meet the criteria for Not Applicable in the item 15 rating criteria above. Consider only the pattern of
 visits during the period under review and not over the life of the case.
- Determine the most typical pattern of visitation during the period under review because the actual frequency may vary in specific time periods.
- Select NA for questions A1 and B1 if the agency did not make concerted efforts to locate a mother or father whose whereabouts were unknown. In Well-Being Outcome 1, concerns about efforts to locate a parent should only be reflected in item 12.

A2.	During the period unde	review, was the frequency of the visits between the caseworker (or other
	1 3/	other sufficient to (1) address issues pertaining to the safety, permanency, and promote achievement of case goals?
Yes [I No □	NA T

Questions 15A2 and 15B2 Instructions:

- If the answer to question A1 or B1 is Not Applicable, the answer to question A2 or B2 for that parent also should be Not Applicable.
- Consider the frequency of visits that is necessary to effectively address: (1) the child's safety, permanency, and well-being, and (2) achievement of case goals. Do not answer the question based on the caseworker visit requirements that may be established by state policy.
- The answers to questions A2 and B2 should be No if the typical pattern of contact is less than once a month, unless you have a substantial justification for answering either question as Yes.

		r review, what was the most typical pattern of visitation between the caseworker nd the father of the child(ren)? Select the appropriate response:
	More than once a wee	
	Once a week	
	Less than once a wee	k, but at least twice a month

RATING CHILD AND FAMILY WELL-BEING OUTCOME 1 WELL-BEING OUTCOME 1: FAMILIES HAVE ENHANCED CAPACITY TO PROVIDE FOR THEIR CHILDREN'S NEEDS.

What is the level of outcome achievement that best describes the extent to which this outcome is being or has been achieved, based on the ratings for Items 12 through 15?

Instructions:

Well-Being Outcome 1 should be rated as Substantially Achieved if both of the following apply:

- · Item 12 is rated as a Strength or NA and
- Only one of Items 13, 14, and 15 is rated as an Area Needing Improvement.

Well-Being Outcome 1 should be rated as Partially Achieved if either of the following applies:

- Item 12 is rated as an Area Needing Improvement, but at least one other item is rated as a Strength.
- Item 12 is rated as a Strength or NA, but at least two of Items 13, 14, and 15 are rated as Areas Needing Improvement.

Well-Being Outcome 1 should be rated as Not Achieved if the following applies:

• All applicable items are rated as Areas Needing Improvement.

Select the appropriate rating:				
Substantially Achieved □	Partially Achieved	Not Achieved □		

WELL-BEING OUTCOME 2: CHILDREN RECEIVE APPROPRIATE SERVICES TO MEET THEIR EDUCATIONAL NEEDS.

Item 16: Educational Needs of the Child

Purpose of Assessment: To assess whether, during the period under review, the agency made concerted efforts to assess children's educational needs at the initial contact with the child (if the case was opened during the period under review) or on an ongoing basis (if the case was opened before the period under review), and whether identified needs were appropriately addressed in case planning and case management activities.

Item 16 Applicable Cases:

- All foster care cases involving a school-aged child, including those in pre-school, are applicable for an
 assessment of this item. If a child is 2 years old or younger and has been identified as having
 developmental delays, the case may be applicable if the developmental delays need to be addressed
 through an educational approach rather than through physical therapy or some form of physical health
 approach. In these latter cases, the issue of developmental delays would be addressed under Item 17.
- Foster care cases are Not Applicable if the child is age 2 or younger and there are no apparent developmental delays.
- In-home services cases are applicable for an assessment of this item if (1) educational issues are relevant to the reason for the agency's involvement with the family, and/or (2) it is reasonable to expect that the agency would address educational issues given the circumstances of the case. For example, it is reasonable to expect that the agency would address educational issues in a case in which the child is the subject of a substantiated maltreatment report and, during the period under review, the maltreatment appeared to be affecting the child's school performance.
- In-home services cases are Not Applicable for an assessment of this item if the reviewer determines that, during the period under review, there is no reason to expect that the agency would address educational issues for any children in the family, given the reason for agency involvement or the circumstances of the case. This "non-applicability" applies even if there is evidence in the case file that the agency has learned that the parent/caregiver has obtained educational services for the children.

Is this case applicable?

Select the appropriate response. If the answer is No, rate the item as Not Applicable in the ratings section and continue to Item 17.
Yes □ No □
Optional: Provide comments in the narrative field below:
A. During the period under review, did the agency make concerted efforts to accurately assess the children's educational needs?
Yes □ No □
For in-home services cases, indicate the names of the children who are included in the assessment of Item 16:

Question 16A Instructions:

- If the case is a foster care case, question A should be answered only for the child in foster care, even if the child was reunified during the period under review and there are other children in the home.
- If the case is an in-home services case, question A should be answered for all children in the home who meet the case applicability requirements.
- Question A should be answered Yes if there was evidence of an educational assessment in the case file, such as:
 - An educational assessment included in the comprehensive needs assessment.
 - A separate educational assessment conducted by the school (and made available to the agency) or by the agency.
 - An informal (and documented) educational assessment conducted by the agency.
- Question A should be answered Yes if the reviewer determines through interviews with key individuals
 that the agency assessed the children's educational needs, even if the case file did not include the
 documentation identified above.

A1. Education Table

Educational Needs	Services Provided	Services Needed But Not Provided	
Table 16A1 Instruction: Document in the table the child(ren)'s educational needs, services provided to meet those needs, and services needed but not provided. Services could include ensuring that children received special education classes; making provisions for children to receive tutoring or educational mentoring; and arranging for children to be enrolled in early intervention preschool classes such as Head Start. Foster care cases could include advocacy on the part of foster parents as well as the caseworker.			
B. During the period under review, did the agency engage in concerted efforts to address the children's educational needs through appropriate services?			
Yes □ No □ NA □			

Question 16B Instructions:

- Question B should be answered Not Applicable if an educational assessment was conducted (i.e., question A is answered Yes) but no needs were identified.
- Review any "services needed but not provided" noted in table A1 when responding to question B. Focus on agency efforts, even if these efforts were not fully successful due to factors beyond the agency's control. For example, if the agency made concerted efforts to advocate for special education classes, but the local school continued to resist, you may answer Yes to question B, although the child did not receive the needed services. Also consider whether the service need was recently identified during the period under review and the agency has not had a reasonable amount of time to arrange for/request the service.

Item 16 Rating Criteria:

Item 16 should be rated as a Strength if either of the following applies:

- The answers to questions A and B are Yes.
- The answer to question A is Yes, and the answer to question B is Not Applicable.

Item 16 should be rated as an Area Needing Improvement if the answer to question A and/or B is No. Item 16 should be rated as Not Applicable if the response to the question of applicability is No.

Item 16 Rating (se	lect one):	
Strength	Area Needing Improvement □	NA □

Override rating? Overridden rating Strength	Area Needing Improvement □	NA□

RATING CHILD AND FAMILY WELL-BEING OUTCOME 2 WELL-BEING OUTCOME 2: CHILDREN RECEIVE APPROPRIATE SERVICES TO MEET THEIR EDUCATIONAL NEEDS.

What is the level of outcome achievement that best describes the extent to which this outcome is being or has been achieved, based on the rating for Item 16?

Instructions:

Well-Being Outcome 2 should be rated as Substantially Achieved if the following applies:

• Item 16 is rated as a Strength.

Item 16 is rated as Not Applicable.

Well-Being Outcome 2 should be rated as Partially Achieved if the following applies:

• Item 16 is rated as an Area Needing Improvement, but question A or B is answered Yes.

Well-Being Outcome 2 should be rated as Not Achieved if the following applies:

• Item 16 is rated as an Area Needing Improvement and both questions A and B were answered No.

Well-Being Outcome 2 should be rated as Not Applicable if the following applies:

Select the appropriate rating:
Substantially Achieved Partially Achieved Not Achieved NA

Overridden outcome rating:
Substantially Achieved Partially Achieved Not Achieved NA

Override reason:

WELL-BEING OUTCOME 3: CHILDREN RECEIVE ADEQUATE SERVICES TO MEET THEIR PHYSICAL AND MENTAL HEALTH NEEDS.

Item 17: Physical Health of the Child

Purpose of Assessment: To determine whether, during the period under review, the agency addressed the physical health needs of the children, including dental health needs.

Item 17 Applicable Cases:

- All foster care cases are applicable for an assessment of this item.
- In-home services cases are applicable for an assessment of this item if (1) physical/dental health issues were relevant to the reason for the agency's involvement with the family, and/or (2) it is reasonable to expect that the agency would address physical/dental health issues given the circumstances of the case. For example, it is reasonable to expect that the agency would address physical health issues in a case in which a child is the subject of a substantiated maltreatment report of physical neglect and there is reason to suspect that, during the period under review, the neglect may have affected the child's physical health.
- In-home services cases are Not Applicable for an assessment of this item if you determine that there is no
 reason to expect that the agency would address physical and dental health issues for any children in the
 family, given the reason for agency involvement or the circumstances of the case. This "non-applicability"
 applies even if there is evidence in the case file that the agency has learned that the parent is effective in
 taking care of the children's physical and dental health needs.

Select the appropriate response. If the answer is No, rate the case as Not Applicable in the ratings section

Is this case applicable?

and continu	ie to item 18.		
Yes □	No □		
Optional: P	rovide comme	nts in the narrative field below:	
A1. Durin needs?	g the period u	nder review, did the agency accurately assess the children's physical health of	care
Yes □	No □	NA 🗆	
For in-home	e services cas	es, indicate the names of the children who are included in the assessment of	Item 17

Questions 17A1 and 17A2 Instructions:

- For in-home services cases, A1 and A2 should be answered for all children in the home who meet the case applicability requirements. A1 or A2 may be Not Applicable if only one of the issues (physical or dental health) was relevant for assessment in an in-home services case.
- Determine whether there is evidence that, during the period under review, the agency arranged for
 assessment of the child(ren)'s health care needs, including dental care needs, both initially (if the child
 entered foster care during the period under review or if an in-home services case was opened during
 the period under review), and on an ongoing basis through periodic health and dental screening
 services conducted during the period under review.
- The evidence to consider would include, but is not limited to:
 - Conducting an initial health care screening, such as EPSDT (Early Periodic Screening, Diagnosis, and Treatment) or other comprehensive medical examination upon entry into foster care (if the child entered foster care during the period under review) or when the case first opened (for an in-home services case that opened during the period under review).
 - Ensuring that, during the period under review, the children received ongoing periodic preventive physical and dental health screenings to identify and avoid potential problems. (Preventive health care refers to initial and periodic age-appropriate dental or physical health examinations.)
 - Including an assessment of physical and dental health needs in the initial comprehensive needs assessment (if the child entered foster care during the period under review or if the in-home services case was opened during the period under review), or in ongoing needs assessments conducted to guide case planning.

A2. Durin needs?	g the period u	er review, did the agency accurately assess the children's dental health care	
Yes □	No □	NA □	
	•	on: ng for a dental examination, then question A2 should be answered Not	

A3. Physical and Dental Health Table

Identified Physical or Dental Health Needs	Services Provided	Services Needed But Not Provided

Table 17A3 Instruction:

Document in the table each identified physical or dental health need, the services provided to meet those needs, and the services needed but not provided related to each identified need. Needed services could include immunizations, treatment services, and dental services, including orthodontics.

	For foster care cases only, determine whether, during the period under review, there was evidence that ollowing case-management criteria required by federal statute were met (select each one that was met).
_	(
	To the extent available and accessible, the child's health records are up to date and included in the case file [Social Security Act § 475(1)(C)].
	The case plan addresses the issue of health and dental care needs [Social Security Act § 475(1)(C)].
	To the extent available and accessible, foster parents or foster care providers are provided with the child's health records [Social Security Act § 475(5)(D)].
	Question 17A4 Definitions:
	Health records include the names and addresses of the child's health care providers, a record of the child's immunizations, the child's known medical problems, the child's medications, and any other relevant health information.
	For foster care cases only, during the period under review, did the agency provide appropriate oversight escription medications for physical health issues?
Yes	J No D NA D

Question 17B1 Definition:

- "Appropriate oversight" includes, but is not limited to, the following:
 - Ensuring that a child is seen regularly by a physician to monitor the effectiveness of the medication, assess any side effects and/or health implications, consider any changes needed to dosage or medication type and determine whether medication is still necessary and/or if other treatment options would be more appropriate
 - Regularly following up with foster parents/caregivers about administering medications appropriately and about the child's experience with the medication(s), including any side effects
 - Following any additional state protocols that may be in place related to the appropriate use and monitoring of medications

Question 17B1 Instructions:

- Select NA if this is not a foster care case.
- If the child was not prescribed any medications for physical health issues during the period under review, select NA.

Section III: Child and Family Well-Being Outcome 3

Provide any additional comments that highlight strengths or challenges related to specific practices, systemic issues, or resources that affected this item in the narrative field below:
Override this rating?
Overridden rating: Strength □ Area Needing Improvement □
Override reason:

WELL-BEING OUTCOME 3: CHILDREN RECEIVE ADEQUATE SERVICES TO MEET THEIR PHYSICAL AND MENTAL HEALTH NEEDS.

Item 18: Mental/Behavioral Health of the Child

Purpose of Assessment: To determine whether, during the period under review, the agency addressed the mental/behavioral health needs of the children.

Item 18 Applicable Cases:

- Foster care cases are applicable for an assessment of this item if the reviewer determines that, during the period under review, the child had existing mental/behavioral health needs, including substance abuse issues. If the child had mental/behavioral health issues before the period under review that were adequately addressed and there are no remaining needs during the period under review, the case should be rated as Not Applicable.
- In-home services cases are applicable for an assessment of this item if (1) mental/behavioral health issues related to any of the children in the family were relevant to the reason for the agency's involvement with the family, and/or (2) it is reasonable to expect that the agency would address mental/behavioral health issues given the circumstances of the case. For example, it is reasonable to expect that the agency would address mental health issues in a case in which a child is the subject of a substantiated maltreatment report and there is reason to suspect that, during the period under review, the maltreatment may have affected the child's mental health.
- In-home services cases are Not Applicable for an assessment of this item if the reviewer determines that there is no reason to expect that, during the period under review, the agency would address mental/behavioral health issues for any children in the family, given the reason for agency involvement or the circumstances of the case. This "non-applicability" applies even if there is evidence in the case file that the agency has learned that the parent is effective in taking care of the children's mental/behavioral health needs.

Is this case applicable?

Select the ap	propriate response. If the answer is No, rate the case as Not Applicable in the rating section.
Yes □	No □
Optional: Pro	vide comments in the narrative field below:
mental/behav	the period under review, did the agency conduct an accurate assessment of the children's rioral health needs either initially (if the child entered foster care during the period under review or e services case was opened during the period under review) and on an ongoing basis to inform g decisions?
Yes □	No □
For in-home s	services cases, indicate the names of the children who are included in the assessment of Item 18:

ATTACHMENT 6

CFSR Round 3 Statewide Data Indicator Series

The Children's Bureau conducts Child and Family Services Reviews (CFSRs) in partnership with child welfare systems in all 50 states, the District of Columbia, and Puerto Rico. CFSRs enable the Children's Bureau to assess conformity with federal child welfare requirements, determine the experiences of children and families receiving state child welfare services, and help states identify agency and program strengths and areas for improvement. Statewide data indicators provide important context in the evaluation and improvement of child outcomes related to safety and permanency by comparing national performance to a state's own performance over time. CFSRs also focus on child and family well-being as well as systemic requirements.

CFSR Permanency Outcome 1

Children have permanency and stability in their living situations.

Placement Stability

This indicator measures whether the agency ensures that children who the agency removes from their homes experience stability while they are in foster care.

Definition

Of all children who enter foster care in a 12-month period, what is the rate of placement moves per 1,000 days of foster care?

National Performance

4.44 MOVES PER 1,000 DAYS IN CARE

(A lower value is desirable.)

NUMERATOR

Of the children in the denominator, the total number of placement moves during the 12-month period

DENOMINATOR

Among the children who enter foster care in a 12-month period, the total number of days these children were in foster care as of the end of the 12-month period

Risk is adjusted on age of child at entry and by state.

Adjusting on age controls for the fact that children of different ages have different likelihoods of experiencing the outcome, regardless of the quality of care that a state provides.

Additionally, every indicator is adjusted based on the particular state. Risk adjustment by state is part of the multilevel statistical modeling approach that accounts for the underlying risk of experiencing the outcome in a state after accounting for a child's specific risk.

ADDITIONAL ADJUSTMENTS

This measure is expressed as a rate per 1,000 days in care. The result of the numerator divided by the denominator is multiplied by 1,000 to produce larger numbers that are easier to understand.

Data Quality Checks Performed

- Dropped records (greater than 10%)
- AFCARS IDs do not match from one period to the next (greater than 40%)
- Missing date of birth (greater than 5%)
- Missing date of latest removal (greater than 5%)
- ✓ Date of birth after date of entry (greater than 5%)
- Date of birth after date of exit (greater than 5%)
- Age at entry is greater than 21 (greater than 5%)

- Age at discharge is greater than 21 (greater than 5%)
- In foster care more than 21 years (greater than 5%)
- Enters and exits care the same day (greater than 5%)
- Exit date is prior to the removal date (greater than 5%)
- ✓ Missing number of placement settings (greater than 5%)
- Percentage of children on first removal (greater than 95%)

Data Periods Used to Calculate the National Performance

AFCARS 13B, 14A

Primary Data Elements Required for Calculation

AFCARS Foster Care Element #1:	Title IV-E agency
AFCARS Foster Care Element #4:	Record number
AFCARS Foster Care Element #6:	Child's date of birth
AFCARS Foster Care Element #19:	Total number of removals from home to date
AFCARS Foster Care Element #20:	Date of discharge from last foster care episode
AFCARS Foster Care Element #21:	Reason for discharge
AFCARS Foster Care Element #23:	Date of placement in current foster care setting
AFCARS Foster Care Element #24:	Number of placement settings during this removal episode
AFCARS Foster Care Element #56:	Date of discharge from foster care

Data Elements Required for Risk-Adjusted Analysis

AFCARS Foster Care	Child's date of birth
Element #6:	Crilia's date of birth

For more information: https://www.acf.hhs.gov/cb/monitoring/child-family-services-reviews/round3

Notes

INCLUSIONS

Only placement settings that are required to be counted in the AFCARS file are used for this indicator. If the child is moved to a living arrangement or setting that would not result in the state increasing the number of placement settings reported in AFCARS, those moves are not included in this indicator (e.g., trial home visit episodes; runaway episodes; respite care and changes in a single foster family home's status, for example, to reflect a licensing change from a foster care home to a home dually licensed for adoption).

This measure counts only the days in care within the 12-month period. The days in care and moves during the placement episodes are cumulative across episodes reported in the same year.

EXCLUSIONS

Children in care for less than 8 days are excluded.

Children who enter care at age 18 or older are excluded.

For youth who enter care at age 17 and turn 18 during the period, an adjustment is made for time in foster care beyond the 18th birthday, and placement changes after that date.

The initial removal from the home (and entry into care) is not counted as a placement move.

Days in care for which the AFCARS file does not have placement information are excluded.

Children's Bureau

Child and Family Services Review (CFSR)

List of CFSR Round 3 Statewide Data Indicator Syntax Revisions

Introduction

This document provides a summary of revisions made to the statistical syntax used to calculate performance on the Child and Family Services Review (CFSR) Round 3 statewide data indicator(s) and data quality checks following the May 2015 Federal Register Notice. These changes were made to correct technical errors in the syntax and strengthen operationalization of the measures and calculations. The first section of this document, "Indicator Syntax Changes" describes changes made to the code used to calculate performance on the seven CFSR statewide data indicators. The second section, "Source Data Creation and Data Quality Syntax Changes," describes changes made to the initial processing of National Child Abuse and Neglect Data System (NCANDS) and Adoption and Foster Care Analysis and Reporting System (AFCARS) data files, and to the Data Quality (DQ) checks. These changes are incorporated into the revised syntax that is pending final verification.

Indicator Syntax Changes

Use of "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20)

A significant revision to the syntax pertains to the use of the AFCARS data "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20). The use of this data element provides an ability to accurately calculate the number of days a child was in a prior foster care episode during the 12-month reporting period (two consecutive six-month AFCARS submissions). Due to the structure of the AFCARS file, when a child experiences two foster care episodes during a 12-month reporting period, given certain conditions, the discharge date from the first episode can only be reported using the "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) in a subsequent AFCARS submission. This occurs in a couple of scenarios when the child was already in foster care on the first day of the

reporting period, or entered foster care during the first six-months of the 12-month reporting period, and then the child:

- Discharged from that foster care episode during the first six-month period, and reentered foster care during the second six-months of the 12-month reporting period and a
 "Date of Discharge from Foster Care" (AFCARS Data Element #56) was not included in
 the first six-month AFCARS submission, or
- Discharged and re-entered foster care during the second six-months of the 12-month reporting period.

For these scenarios, when the information reflected below is in the child's AFCARS records for the 12-month reporting period, then, the child's length of stay for the prior foster care episode can be calculated:

- First six-month AFCARS submission:
 - There is a "Date of Latest Removal from Home" (AFCARS Data Element #21), and
 - There is no "Date of Discharge from Foster Care" (AFCARS Data Element #56).
- Second six-month AFCARS submission:
 - "Total Number of Removals from Home to Date" (AFCARS Data Element #19)
 increased by one removal, and
 - There is a "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20), and
 - "Date of Latest Removal from Home" (AFCARS Data Element #21) changed to represent the start of a new foster care episode.

The number of days in foster care is calculated using the "Date of Latest Removal From Home" (AFCARS Data Element #21) reported in the first six-month AFCARS submission or first day of the 12-month report period (if the child was already in foster care on the first day of the 12-month reporting period), and the "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) from the second six-month AFCARS submission. While the number of days in foster care can be calculated for the scenarios above, the AFCARS reporting structure does not provide a field to report the discharge reason for the initial foster care

episode when the discharge date is reported in the subsequent AFCARS submission. Without a discharge reason for the initial foster care episode, a determination cannot be made if the discharge from foster care qualifies as a discharge to permanency. Therefore, children that fall into that category are excluded from the Permanency in 12 months indicator calculations.

Another exclusion occurs when the "Total Number of Removals From Home to Date" (AFCARS Data Element #19) reported in the second six-month AFCARS submission increases by more than one removal as the number of days in foster care for the initial foster care episode cannot be calculated.

Throughout the rest of this document the aforementioned revision is referred to as: Use of "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20). This change impacts multiple indicators. Indicator-specific descriptions provide additional information, as applicable, regarding how this syntax revision impacts individual indicators and how calculations operated previously.

Maltreatment in Foster Care

Use of additional year of NCANDS data

Syntax to calculate performance for this indicator was revised to use two consecutive years of NCANDS data to better identify all child victims of substantiated or indicated reports of maltreatment with a report date during the 12-month reporting period. Previously, child victims of abuse and neglect were excluded from the calculation when the report date occurred during the 12-month reporting period and the disposition for that report was documented in the following federal fiscal year NCANDS submission.

Use of "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20)

See description of this syntax revision described on pages 1-3 of this document.

Previously, when a child experienced two foster care episodes during a 12-month reporting period, the syntax calculated the total number of days the child was in foster care by adding together the following values for each foster care episode:

- Initial foster care episode: Difference in days between "Date of Latest Removal From Home" (AFCARS Data Element #21) in the first six-month AFCARS submission, or the first day of the 12-month reporting period (if the child was already in foster care on the first day of the 12-month reporting period), and the last day of the 12-month reporting period.
- 2. Subsequent foster care episode: Difference in days between "Date of Latest Removal From Home" (AFCARS Data Element #21) reported in the second six-month AFCARS submission, and the "Date of Discharge from Foster Care" (AFCARS Data Element #56), or the last day of the 12-month reporting period if a discharge date was not reported.

This methodology resulted in some days in foster care being counted in both foster care episodes which produced an inaccurate number of days in foster care that in some cases exceeded 12-months, and child victims of substantiated or indicated reports of maltreatment being counted when the victimization did not occur while the child was in foster care.

Correction to date of discharge for children who turn 18 years old in foster care

Syntax was revised to use the date of the child's 18th birthday if the "Date of Discharge from Foster Care" (AFCARS Data Element #56) was not before that date. Previously, the syntax used the "Date of Discharge from Foster Care" (AFCARS Data Element #56), even when that date occurred after the child's 18th birthday which produced an inaccurate count of the number of days in foster care.

Exclusion of AFCARS records with conflicting information

Syntax was revised to retain the child's record from the most recent AFCARS submission for the 12-month reporting period (i.e. second six-month AFCARS submission for the 12-month reporting period) and exclude the child's record from the first six-month AFCARS submission when foster care entry dates overlap or foster care episode discharge dates contradict. Previously, the child's records from the first and second six-month AFCARS submissions were retained regardless of having conflicting information. This sometimes resulted in inaccurate calculations for the total number of days in foster care, and inclusion of some child victims of abuse and neglect being counted when the victimization did not occur while the child was in

foster care. The following examples are the most common instances of conflicting information identified for the same child in consecutive AFCARS submissions comprising the 12-month reporting period:

- The two six-month AFCARS submissions have different values for the "Date of Latest Removal from Home" (AFCARS Data Element #21), and the first six-month AFCARS submission does not have a "Date of Discharge from Foster Care" (AFCARS Data Element #56), and the second six-month AFCARS submission does not have a "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) for the first foster care episode.
- Information contained in the two six-month AFCARS submissions indicates there were two separate foster care episodes during the 12-month reporting period. However, the "Date of Latest Removal from Home" (AFCARS Data Element #21) for the second foster care episode occurred before the "Date of Discharge from Foster Care" (AFCARS Data Element #56) identified for the first foster care episode.

Correctly account for leap years

Revised syntax no longer applies code to overwrite the number of days in foster care greater than the 12-month reporting period to equal 365 days. Syntax revisions described under "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) and "Exclusion of AFCARS records with conflicting information," resolved calculation errors that resulted in length of stays longer than the 12-month reporting period, and therefore, the need for code to overwrite the number of days in foster care to equal 365 days. Previously, children in foster care for the entire 12-month period during a leap year (366 days) were impacted by the prior code and identified as having 365 days in foster care.

Recurrence of Maltreatment

Correction to not exclude applicable substantiated or indicated child maltreatment reports

Syntax for this indicator excludes substantiated or indicated maltreatment reports for the same child that occurs within 14 days of the initial substantiated or indicated maltreatment report.

Revised syntax checks child abuse victim incident dates when comparing the initial substantiated or indicated maltreatment report with a subsequent substantiated or indicated maltreatment report for the same child to determine whether the subsequent report meets the 14-day exclusion criteria. If the two substantiated or indicated maltreatment reports have the same child abuse victim incident dates, the syntax excludes the subsequent maltreatment report. The syntax then checks to see if there was another subsequent substantiated or indicated maltreatment report for the child within 12 months of the initial victimization, and if those reports have the same child abuse victim incident dates. Previously, the syntax retained only the first substantiated or indicated maltreatment report greater than 14 days after the initial victimization, and excluded all other substantiated or indicated maltreatment reports for the child received within 12 months of the initial report. If the syntax determined the two retained maltreatment reports had the same child abuse victim incident date (see description of next syntax revision), then the child was identified as not experiencing recurrence of maltreatment despite subsequent substantiated or maltreatment reports being received within 12 months of the initial victimization.

Correct use of child maltreatment incident dates

Syntax was revised to require child abuse victimization incident dates be reported for each substantiated or indicated maltreatment report used to determine whether the reports refer to the same incident. The use of maltreatment incident dates is a secondary check performed by the syntax when victimization incident dates are included in the NCANDS file. Child maltreatment reports over 14 days apart with the same maltreatment incident date are not identified as recurrence of maltreatment. When a victimization incident date is not reported in the NCANDS file for both substantiated or indicated maltreatment reports, the syntax relies on the maltreatment report date to determine if the second maltreatment report qualifies as recurrence of child maltreatment. Previously, when a child had two substantiated or indicated reports of child maltreatment more than 14 days apart, and one report had a child abuse incident date and the other report did not, the syntax overwrote the blank incident date with the

incident date from the other maltreatment report. As a result, the second victimization was not counted as recurrence of maltreatment.

Exclusion of unborn children

Syntax was revised to exclude unborn children in calculations for this indicator. This change was made based on a number of reasons, including: variation in number of states reporting unborn children in NCANDS submissions, differences in state policy for identifying unborn children as victims, inability to verify child IDs remained the same after the child was born, and overall concerns regarding the validity of being able to adequately assess recurrence of child maltreatment involving unborn children.

Permanency in 12 Months for Children Entering Foster Care, and Re-entry to Foster Care in 12 Months

Use of "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20)

See description of this syntax revision described on pages 1-3 of this document. When a child experiences two foster care episodes during a 12-month reporting period and the end date of the first foster care episode is reported in the second six-month AFCARS submission using "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) the child's record is excluded from Permanency in 12 months indicator calculations. The AFCARS reporting structure does not provide a field to report the discharge reason for the initial foster care episode when the discharge date is reported in a subsequent AFCARS submission. Without a discharge reason for the initial foster care episode, a determination cannot be made if the discharge from foster care qualifies as a discharge to permanency. Previously, the syntax did not use the "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) to identify the initial foster care episode ended. As a result, the child was included in the denominator, and counted as not having achieved permanency.

Exclusion of AFCARS records with conflicting information

Syntax was revised to retain the child's record from the most recent AFCARS submission for the 12-month reporting period (i.e. second six-month AFCARS submission for the 12-month reporting period) and exclude the child's record from the first six-month AFCARS submission when foster care entry dates overlap or foster care episode discharge dates contradict. Previously, the child's records from the first and second six-month AFCARS submissions were retained regardless of having conflicting information. This sometimes resulted in inaccurate calculations for the total number of days in foster care. The following examples are the most common instances of conflicting information identified for the same child in consecutive AFCARS submissions comprising the 12-month reporting period:

- The two six-month AFCARS submissions have different values for the "Date of Latest Removal from Home" (AFCARS Data Element #21), and the first six-month AFCARS submission does not have a "Date of Discharge from Foster Care" (AFCARS Data Element #56), and the second six-month AFCARS submission does not have a "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) for the first foster care episode.
- Information contained in the two six-month AFCARS submissions indicates there were two separate foster care episodes during the 12-month reporting period. However, the "Date of Latest Removal from Home" (AFCARS Data Element #21) for the second foster care episode occurred before the "Date of Discharge from Foster Care" (AFCARS Data Element #56) identified for the first foster care episode.

Permanency in 12 Months for Children in Care 12-23 Months, and Permanency in 12 Months for Children in Care 24 Months or More

Use of "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20)

See description of this syntax revision described on pages 1-3 of this document. When a child experiences two foster care episodes during a 12-month reporting period and the end date of the first foster care episode is reported in the second six-month AFCARS submission using

"Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) the child's record is excluded from Permanency in 12 months indicator calculations. The AFCARS reporting structure does not provide a field to report the discharge reason for the initial foster care episode when the discharge date is reported in a subsequent AFCARS submission. Without a discharge reason for the initial foster care episode, a determination cannot be made if the discharge from foster care qualifies as a discharge to permanency. Previously, the syntax did not use the "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) to identify the initial foster care episode ended. As a result, the child was included in the denominator, and counted as not having achieved permanency.

Include children who discharged from foster care in first seven days of 12-month reporting period

Syntax was revised to include children who discharged from foster care in the first seven days of the 12-month reporting period in the indicator calculations. Previously, the syntax incorrectly applied a general rule to exclude all children in foster care less than eight days which did not account for children who were in foster care a minimum of 12-months as of the first day of the 12-month reporting period.

Placement Stability

Use of "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20)

See description of this syntax revision described on pages 1-3 of this document. There is one difference for this indicator from what is described on pages 1-3 when a child experiences two foster care episodes during a 12-month reporting period and the end date of the initial foster care episode occurred during the second six-month AFCARS submission. The revised syntax calculates the number of days in foster care and corresponding count of placement moves for the initial foster care episode using the last day of the first six-month AFCARS submission. The AFCARS reporting structure does not provide a field to report the number of placement settings for the initial foster care episode when the discharge date occurs in a subsequent AFCARS submission that includes another foster care episode. Therefore only the number of days in

foster care associated with the known number of placement settings is used in indicator calculations. Previously, for this scenario the number of days in foster care for the first foster care episode was calculated as the difference between "Date of Latest Removal from Home" (AFCARS Data Element #21) reported in the first six-month AFCARS submission and the last day of the 12-month reporting period. This prior methodology resulted in some days in foster care being counted in both foster care episodes which produced inaccurate length of stays that in some cases exceeded 12-months, and foster care days being counted when the associated number of placement moves was unknown.

Correction to date of discharge for children who turn 18 years old in foster care

Syntax was revised to use the date of the child's 18th birthday if the "Date of Discharge from Foster Care" (AFCARS Data Element #56) was not before that date. Previously, the syntax used the "Date of Discharge from Foster Care" (AFCARS Data Element #56), even when that date occurred after the child's 18th birthday which produced an inaccurate count of the number of days in foster care, and potentially an over count of placement moves by including moves that occurred after the child's 18th birthday.

Correction to adjusted number of placement moves

"Number of Previous Placement Settings During This Removal Episode" (AFCARS Data Element #24) by definition includes a child's current placement setting. If a child's foster care episode included a value of "1" for AFCARS Data Element #24, it indicates the child did not experience any placement changes. Calculations for this indicator use the number of placement moves that occurred while the child was in foster care during the 12-month reporting period and under the age of 18 years which requires an adjustment to the number of placement settings reported for AFCARS Data Element #24. The revised syntax corrects the number of adjustments made to the count of placement moves during the 12-month reporting period. The revised syntax performs the following adjustments:

 Subtracts one placement move for all foster care episodes to not count the initial removal from home (and into foster care) as a placement move. Subtracts one placement move when the child's "Date of Placement in Current Foster
Care Setting" (AFCARS Data Element #23) is greater than the adjusted date of
discharge for children who turned 18 years during the 12-month reporting period and the
"Number of Previous Placement Settings During This Removal Episode" (AFCARS Data
Element #24) is greater than or equal to one.

Previously, the syntax adjusted the total number of placement moves by subtracting one placement move for each of the four scenarios described below, and did not treat these scenarios as mutually exclusive.

- Child's "Date of Placement in Current Foster Care Setting" (AFCARS Data Element #23)
 is greater than the adjusted date of discharge and the "Number of Previous Placement
 Settings During This Removal Episode" (AFCARS Data Element #24) is greater than or
 equal to two.
- 2. Child's "Date of Placement in Current Foster Care Setting" (AFCARS Data Element #23) is less than or equal to the adjusted date of discharge and the "Number of Previous Placement Settings During This Removal Episode" (AFCARS Data Element #24) is greater than or equal to one.
- 3. Child's AFCARS record is missing "Date of Placement in Current Foster Care Setting" (AFCARS Data Element #23) and the "Number of Previous Placement Settings During This Removal Episode" (AFCARS Data Element #24) is greater than or equal to one.
- 4. Child's AFCARS record identifies the child was still in foster care at end of the 12-month reporting period and the "Number of Previous Placement Settings During This Removal Episode" (AFCARS Data Element #24) is greater than or equal to one.

While scenarios 1-3 above are mutually exclusive (the child's AFCARS record cannot meet more than one of those scenarios), a child's record could meet scenarios 1 or 3, and also 4. Previously, when a child's AFCARS record for the 12-month reporting period met more than one of these scenarios, it resulted in more placement moves being subtracted from the "Number of Previous Placement Settings During This Removal Episode" (AFCARS data element #24) than

intended. A different error that did not use the child's 18th birthday as the foster care episode discharge date compounded the calculation error described in this syntax change as it increased the number of children who met scenarios 3 and 4.

Correctly account for leap years

Revised syntax no longer applies code to overwrite the number of days in foster care greater than the 12-month reporting period to equal 365 days. Syntax revisions described under "Date Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) and "Exclusion of AFCARS records with conflicting information," resolved calculation errors that resulted in length of stays longer than the 12-month reporting period, and therefore, the need for code to overwrite the number of days in foster care to equal 365 days. Previously, children in foster care for the entire 12-month period during a leap year (366 days) were impacted by the prior code and identified as having 365 days in foster care.

Exclusion of AFCARS records with conflicting information

Syntax was revised to retain the child's record from the most recent AFCARS submission for the 12-month reporting period (i.e. second six-month AFCARS submission for the 12-month reporting period) and exclude the child's record from the first six-month AFCARS submission when foster care entry dates overlap or foster care episode discharge dates contradict. Previously, the child's records from the first and second six-month AFCARS submissions were retained regardless of having conflicting information. This sometimes resulted in inaccurate calculations for the total number of days in foster care, and double counting the number of placement moves. The following examples are the most common instances of conflicting information identified for the same child in consecutive AFCARS submissions comprising the 12-month reporting period:

• The two six-month AFCARS submissions have different values for the "Date of Latest Removal from Home" (AFCARS Data Element #21), and the first six-month AFCARS submission does not have a "Date of Discharge from Foster Care" (AFCARS Data Element #56), and the second six-month AFCARS submission does not have a "Date

- Child Was Discharged from Last Foster Care Episode" (AFCARS Data Element #20) for the first foster care episode.
- Information contained in the two six-month AFCARS submissions indicates there were two separate foster care episodes during the 12-month reporting period. However, the "Date of Latest Removal from Home" (AFCARS Data Element #21) for the second foster care episode occurred before the "Date of Discharge from Foster Care" (AFCARS Data Element #56) identified for the first foster care episode.

Source Data Creation and Data Quality Syntax Changes

National Child Abuse and Neglect Data System (NCANDS) Source Data Syntax

In the prior version of the CFSR 3 statewide data indicator syntax, the NCANDS data file preparation and NCANDS DQ checks were embedded within the code for generating performance data on the two safety statewide data indicators. To align the NCANDS preparation and DQ sections of the code with the AFCARS preparation and DQ section of the code, and to improve readability, these sections of the code were removed from the indicator calculation syntax and used to create two new syntax files. The first set of code performs steps required to prepare the data for syntax calculations. The second set of code runs the NCANDS DQ checks and creates the data set needed to calculate performance on the data indicators.

NCANDS and Adoption and Foster Care Analysis and Reporting System (AFCARS) Data Quality (DQ) Checks

Changes to exclude some records with data quality issues from DQ checks

With the exception of DQ checks specifically designed to identify missing data elements (e.g. Missing age for victims), if a record does not have a valid value for one or more of the variables used in the DQ check, the record is excluded from the check. Previously, the record passed the DQ check despite not having values required to perform the check.

NCANDS Data Quality (DQ) Checks

Records that fail a DQ check are excluded from data indicator calculations

Syntax was changed to exclude records from applicable indicator calculations that fail individual records-level NCANDS DQ checks. Previously, when a record failed a NCANDS DQ check, the record was not removed from the initial population of records used to calculate performance on the safety indicators. This change aligns NCANDS DQ check functionality with the syntax for AFCARS DQ checks which removes records that failed a record-level DQ check from applicable indicator calculations, even if the state did not exceed a DQ limit. This revision only changes the results of the DQ check listed below:

• Child IDs for victims match across years, but dates of birth / age and sex do not match

Adjustment to NCANDS DQ Check: Child IDs for victims match across years, but dates of birth and sex do not match

The syntax for this DQ check was modified to separately perform and apply the results of the steps below. Previously, the code for this DQ check performed steps one and two sequentially, and the results of step two inadvertently overrode the results of step one.

- 1. Determine whether DOB and sex match between the most recent years.
- 2. Determine whether sex matches between the two most recent records, and whether the age difference between the two most recent records is within an expected range. Note: An age difference that is outside of the expected range occurs when the child's age difference between the two years is less than zero or greater than three years.

AFCARS Data Quality (DQ) Checks

DQ checks limited to children under 18 years of age, with the exception of three DQ checks

DQ checks are now limited to records of children younger than 18 years, with the exception of the following AFCARS DQ checks specifically designed for the 18 and older population:

Age at discharge greater than 21

- Age at entry greater than 21
- In foster care more than 21 years

Previously, states could fail DQ checks based on data quality issues for the 18 and older population, and if they exceeded the DQ limit were excluded from indicator calculations. Syntax revisions now result in the exclusion of states from data indicator calculations only when the data quality limit is exceeded due to data problems applicable to the population of children used in indicator calculations, with the exception of the three DQ checks identified above.

Population of children included in denominator changed for five DQ checks to records with children who discharged from foster care

The denominator for the following DQ checks has been changed to apply only to records of children who discharged from foster care. Previously, these DQ checks were applied to all records included in the six-month AFCARS submission. This change affects the following five DQ checks:

- 1. Missing discharge reason
- 2. Age at discharge greater than 21
- 3. Date of birth after date of exit
- 4. Enters and exits care the same day
- 5. Exit date is prior to removal date

DQ Limit increased for DQ Check: Missing discharge reason

The DQ limit for "Missing Discharge Reason" was increased from 5 percent to 10 percent. The reduction was made as the syntax revision to limit some DQ checks to records of children who discharged from foster care instead of all records in the six-month AFCARS submission (see description for syntax revision listed before this one) substantially reduced the population of records used in this DQ check.
